I'd like to compare and contrast these two photographs.

The common theme of these pictures is the job of police officers. In both pictures I can see policewomen, they are doing their job somewhere in the street.

❖ say what the pictures have in common

On the one hand, these two photos have some similarities. As I have already mentioned, pictures illustrate **policewomen at work**, safeguarding public order in the street. In both photos they are wearing uniforms. In addition, there is a police car in each one. That's where the similarities end.

❖ **say in what way the pictures are different**

On the other hand, in some ways the photos are really different. In the first one I can see a policewoman, who is on her horse and asking her colleagues something. Whereas, the second photo shows us a policewoman, standing next to the police car and talking with somebody, whom I can't see. Also, I can pay attention to their emotions, as the situations are different, in the second photo the policewoman is smiling and excited by the situation and conversation, while in the first one, the police officer looks very serious and puzzled.

As for me, I'd prefer to talk to the policewoman presented in the second picture

❖ explain why

because she looks friendly and sociable.

Well, that's all for now. I have tried to show the similarities and the differences of these two pictures.
