PLOT

- The film takes place in 2045. The main character is a teenager Wade Watts, who lives in a dirty, overcrowded Columbus (Ohio) in a slum called the Stacks. People have a computer game called OASIS, which immerses players in the fascinating world of virtual reality, distracting from pressing problems. The creator of the oasis, the eccentric billionaire James Holliday (his avatar — Anorak), died, left in the game an Easter egg, to which three keys lead. Whoever passes the Anorak quest and gets to the egg first will get \$500 billion and control of the Oasis.

But how without the main villain? IOI! This is a company that had the most important goal – to get an Oasis for itself. IOI has a whole staff of players who have lost all their savings in the game and have fallen into debt dependence on the corporation – « sixes «who try to pass the» Anorak quest» day and night.

IOI-VILLAINS OR GREEDY PEOPLE?

- If someone asked the question "Why Nolan Sorrento Oasis?", I will answer. IOI want to make money on the Oasis. If they added more "donat", it is not so terrible, but Nolan Sorrento has slightly different plans. He wants to force the entire player screen with ads, but he will force ads not only on the player screen, but also on the world on which the players are playing.

WHY IOI CAN'T JUST BUY OASIS

The fact is that the creator of the Oasis, Ogden Morrow, is quite the opposite person compared to Nolan Sorrento. If the owner of the IOI strives for maximum benefit, then the creator of the OASIS strives for maximum convenience. Ogden Morrow was a real gamer and wanted to create his own game, and he was not going to transfer the rights to the game to some person, but on the contrary, to a real gamer and programmer.

HOW TO GET THE OASIS?

- The creator of the game decided to transfer it to isstin "geek". So how do I get it? To do this, Ogden Morrow made 3 tests, after passing which you will be given a key to the game codes. "Why doesn't the IOI just pass these tests?". The fact is that in these tests it is not enough to possess some skills, you need to fully know many movies, games, TV series, Anime, and so on, because it is thanks to small Easter eggs that the main character has understood the secrets of many levels.

WHY DID MANY PEOPLE LIKE THE FILM?

- If you think that the film was just made and people liked it because of the quality of the film, then you are not quite right. In the film itself, there are too many Easter eggs (not for nothing in the film, the main characters are Easter hunters). To disassemble all the Easter eggs will take over 2 hours and not the fact that you will find everything, because in each frame there is a reference to any game/fandom / animation.

END

- You can spend hours listening to different stories about the film, but this is not enough to feel all the charms of the film. You need to immerse yourself in it, because the same poschalko this is, consider a separate film. I wish everyone to watch this movie. Thanks for your attention!
