

Japan: Culture shok

JAPAN

*Tips in Japan
should not be
given.
This can be
taken as an
insult.*

In Japan, no matter how many people are in the family, everyone takes a bath without changing the water.

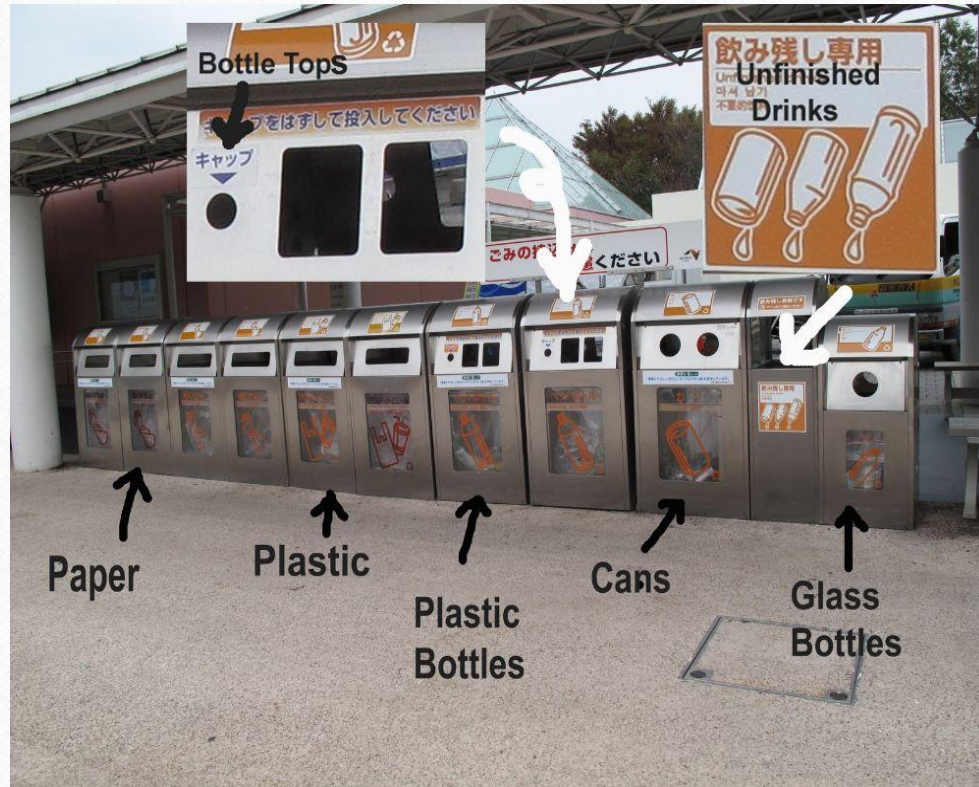

In Japan, they eat dolphins. They make them soup, cook Japanese kebab, even eat raw.

The Japanese really respect those who can say at least two phrases in their language. They believe that learning it is unrealistic.

*In Japanese families,
the situation is
absolutely normal
when brother and
sister do not speak at
all, do not even know
each other's mobile
phone numbers.*

On the Japanese streets you will not see garbage cans. The Japanese carry all the garbage home and then sort it into four kinds: glass, burnt, recyclable and non-burnt garbage.

*In Japan, the slowest in the world is
McDonald's.*

*Many people in this country leave
their doors unlocked.*

In Japan, very honest people. If you have lost your wallet, 90% of people will surrender to the lost and found office.
