A large symphonic orchestra is captured in a dynamic performance within a concert hall. The conductor, positioned on a raised podium to the right, is seen in profile, gesturing with his hands as he leads the ensemble. The musicians, dressed in formal black attire, are seated in rows, playing various instruments including violins, violas, cellos, and double basses. The stage is filled with music stands holding sheet music, and the background shows the tiered seating of the audience, though they are out of focus. The lighting is warm, highlighting the performers and their instruments.

# Music in our life

I, LOVE, MUSIC,

People cannot live without music. They can listen to music everywhere even in the forest, when they walk and hear birds singing.

Music can be classical and modern. Classical music is performed by symphonic orchestras in the great halls. There are a lot of famous composers whose music is played nowadays. Classical music is serious and requires good understanding that's why it may seem to be boring and dull for some.

Most people prefer modern music. Modern music is performed by TV and radio. Modern music has different kinds: pop, rock, disco, rap, techno and others. Most young people like dance and pop. Older people are fond of jazz, rock and pop. There are a lot of singers or music bands who perform this or that kind of music. Now there are a lot of discs and records of different performers.

The last achievement in music production is a clip. Musical clips are short films accompanied by the melody. It may be a short story what the song is about or simply a great number of different pictures. People like to watch clips because it's not only listening to music but also watching interesting things. I'm fond of music and like to listen to it for it helps me to have good relaxation.

# My favorite singers(group)

My favorite group is "Linkin Park". They sing in different styles, such as: alternative, new metal, heavy metal and rock. I like this group because of good texts and unusual musical decisions. This group was formed in 1996. They released 9 albums. I like all their songs without distinction. My favorite song is "Leave out of the rest". There are six men in this group: Chester Bennington, Mike Shinoda, Rob Burdon, David Farrell, Brad Delson and Joe Hahn. The most prominent person of the group is Chester Bennington. He is very talented. He writes poems and composes music.

Music is everywhere! It's on television, over radio, in all movies! Can you imagine any movie without music?! Of course not. What if you watch television without sound, what if you see ballet without music, what if you hear voices without melody at the opera? Our life will be boring without music.
