

BaaS – Broker as a Service

WHITE LABEL BY AVA

What is BaaS?

BaaS is an easy to connect API's and widgets to Ava's CRM and Tracking systems along with the ability to communicate with the customer and full functioning broker suite

Ava offers BaaS to potential partners, IB's and affiliates

What BaaS includes?

BaaS can be used modular and utilized fully or partially. The basic package includes:

- Widgets – 2 simple widgets to connect to any website
- Registration – Demo\Real customized widget
- Login\Forgot password widget
- Branding – Dedicated domain and logo
- Emails – dedicated CRM emails
- Content – uses MyAva's content (where AVA is mentioned it is replaced with the Broker name)
 - Dedicated content is not supported ATM
- Setup fee is \$15K
 - Monthly maintenance is \$2K
- Platforms and Mobile apps customization – separate cost

How it's works?
