

IS TECHNOLOGY ALWAYS BEST?

Science has a potential for both Good and Evil

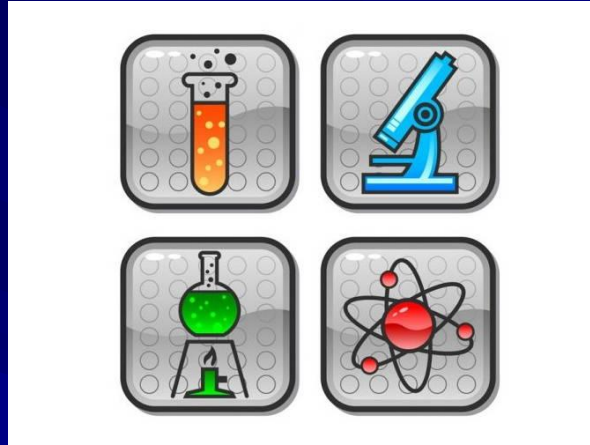

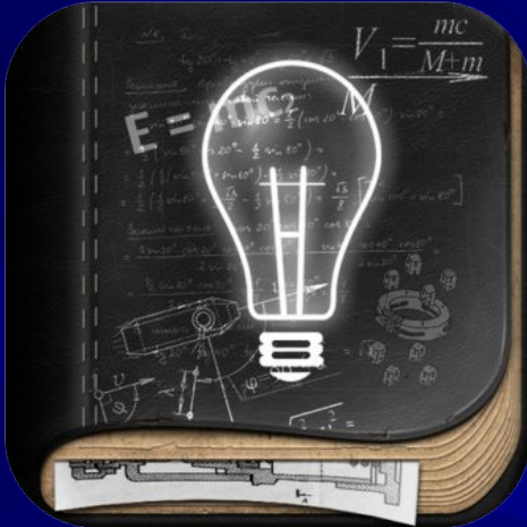

- It makes life easier
- It gives us more leisure time
- People have a lot of labour saving devices

- Civilization is being poisoned by its own waste products.
- It can destroy life on the Earth

The most important inventions of the 20th century

What is a piece of technology you couldn't do without?

What weird things will happen in the next 50 years (a survey)

- By the year 2050 + --
- Will we have managed to contact life in another galaxy?
 - 27%- 73%
- Will people be living until they are 150?
 - 82%- 18%
- Will robots be doing most of the jobs?
 - 65%- 35%

Modern civilization is everything achieved thanks to science
