The area around Alicante has been inhabited for over 7000 years.

CLIMATE

Alicante enjoys mild winter temperatures, hot summers and little rain.

ECONOMY

The local economy relies heavily on tourism to the beaches of the Costa Blanca with its beautiful Mediterranean climate all throughout the year.

Transport

Alicante is a comfortable city to walk around: distances are short and it's easy to get from one place to another. The city also has a public transport network.

Places of Interest

The city also boasts a year-round nightlife with the large student population at the University of Alicante and is renowned for its vibrant festivals.

Santa Bárbara Castle

The Town Hall

Santa María Basilica

Museums

As much as Alicante is a popular beach resort for lovers of sea and sand, there are plenty of museums for those who prefer a more cultural visit and these wouldn't go amiss.

Beaches

The main reason for Alicante's high tourist population is its stunning beaches and warm climate. Across the city there are several beaches all with stunning characteristics.
