Живая вода Нижнего Карачана

The background of the slide is a lush green field of grass that stretches to a hazy horizon. The sky is a clear, bright blue, featuring a large, soft white cloud on the left side. In the upper left corner, two small, transparent globes of the Earth are positioned, one slightly above and to the right of the other. In the upper right corner, several green leaves from a tree branch are visible, partially obscuring the sky.
