

An aerial view of New York City at sunset. The sky is a vibrant mix of orange, yellow, and pink. The city is densely packed with skyscrapers, many of which are illuminated with warm yellow lights. The Empire State Building is the central focus, standing tall and brightly lit. In the background, the water of the harbor is visible, with the Statue of Liberty on a small island to the right. The overall scene is a classic representation of the city's skyline during the 'golden hour' of sunset.

New York

There are a great number of places to visit in the city, but one of the most famous sights is the Statue of Liberty. People from all over the world want to take a photo with this giant sculpture of a woman, who is the national symbol of freedom.

Another famous sight is the Broadway Street. Nobody misses it when visiting the city. It's situated in Manhattan and houses lots of banks and other commercial organizations. There are also lots of entertaining and spectacular facilities which turned the Broadway into the symbol of entertainment industry

One of the architectural wonders of New York is a famous Brooklyn Bridge, which crosses the East River strait. The length of the bridge is 1825 meters and it connects Manhattan with Brooklyn.

The Empire State Building is one of New York City's most popular tourist attractions. It has 102 floors. There is an observatory on the 86th floor. People from all around the world visit the observatory
