Saying what you think

Patterns of expressing opinion

- In my opinion...
- I'm convinced that...
- It seems to me...
- To tell the truth...
- As I see it...
- I really believe that...
- What I mean is...let me put it another way
- It may seem a bit..
- Personally, I think...
- My own feeling is that...
- Why not look at it this way...
- The point I am trying to make is that...

To practise asking for, expressing, and justifying opinions

- Prepare a few provocative questions to speak about
- Pre-teach opinion patterns in action (e.g. 'continue the sentence')
- Students make a list of topics which arouse strong feelings
- Divise Ss into groups ('sorting marbles') 1 group -1 topic (they choose from the list at random)
- Tell them to take their time, set preparation minimum (5-10 min)
- Ring the bell , set hourglass to speaking time , ask the rest of the class to prepare POLITE AND POLITICALLY CORRECT questions to the topic

Use pictures to elicit details and personal feelings

e.g. *'School marks should be banned, let's find another form of assessment'*
