

Ads Residual

THE COMPANY

Ads-Residual is a company specialized in online advertising that allows members to generate revenues by watching advertisements and/or promoting the platform.

ADS-Residual has been created by a group of experimented Networkers with the purpose of offering a strong and long term opportunity, allowing members to achieve financial freedom.

Online advertising is in full expansion with a growth of 24,6%. In 2020, it will overtake television.

Advertisers : A qualitative, targeted and geolocated advertising service that enhances visibility and sales on Internet.

Members : A Paid2Click service where you are remunerated to watch advertisements.
