

Для того, чтобы сказать, что что-то где-то находится в настоящий момент, используются специальные конструкции: There is... и There are...

There is a book on the table.
(На столе лежит книга)

There are books on the table.
(На столе лежат книги)

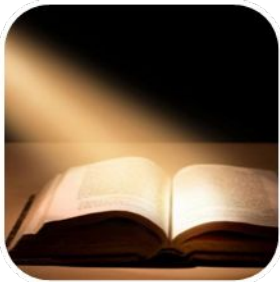

! Мы переводим такие предложения с конца: сначала говорим где (on the table), а потом – что находится (a book / books) !

Task 1: Look at the picture of a farm and say what you can see. Use the constructions “There is ...”, “There are...”.

Example: *There is / are ... in the farm.*

В вопросительных предложениях is и are ставятся на первое место: “Is there...?”, “Are there...?”

Is there a book on the table?
(На столе лежит книга?)

Are there books on the table?
(На столе лежат книги?)

Task 2: This is Kate. She has got a lot of toys. Ask her what toys she has got in her boxes.

Example: Is / Are there ... in your boxes?

В отрицаниях is меняется на isn't, а are – на aren't:
“There isn't...”, “There aren't...”

There isn't a book on the table.
(На столе нет книги.)

There aren't books on the table.
(На столе нет книг.)

Task 3: Look at the picture of a fridge. Say what food you don't see in it.
