* 1. Reading

Read the text. What`s Dr Wiseman`s message?

No one knows what will happen in the future, and life isn`t always easy. But the psychologist Dr Richard Wiseman believes that we can all learn to be a happier - if we have a positive attitude. Dr Wiseman and his team interviewed a thousand `lucky` and `unlucky` people. He found that unlucky people often have a pessimistic attitude towards life. Lucky people usually have an optimistic attitude. They look at the good things in their lives. When things go wrong , they try to learn from their mistakes. Dr Wiseman calls this attitude `the luck factor`. He says it is the key to a happy life - and everyone can learn how to use it!
