

Environmental Problems of Plast

Problems

We
Plastovites
People of our town
Cars, lorries and buses
My friend and I
Teenagers
Our enterprises

- use cars
- wash their cars in the bodies of water
- drop litter
- don't recycle litter
- pollute air with chemical wastes
- don't keep the streets tidy
- buy pre-packaged food
- start fires
- play loud music
- break baby-trees
- have landfills everywhere
- use sprays and aerosols, etc.

Effects

It causes

It leads to

That is why there is/are

- air pollution
- water pollution
- health problems
- noise pollution
- global warming
- climatic changes
- disforestation
- littering
- the destruction of the ozone layer

Ways out

We
Plastovites
Everybody
Teenagers
Schoolchildren

should
shouldn't
must
mustn't

- use filters at our enterprise
- recycle litter
- build recycling centres
- plant baby trees
- stop using...
- reuse paper, bottles, plastic bags and containers
- put rubbish into rubbish bins
- reduce water, gas and electricity
- have clean-up days more often
- keep our town tidy, etc.

Conclusion

As for me, I never.../ I don't...

I always...

I try (not) to...
