The population of the United States is diverse according to national and ethnic characteristics. By law, the United States is considered a typical country of immigrants, the population of which is almost all the peoples of the planet. The indigenous inhabitants of America are the Eskimos, Indians and Aleuts, which makes up only 1% of all the peoples living in the country. Ethnic composition of the United States is divided into: white Americans, African Americans, immigrants from Asia, Europeans and Native Americans.

Great Britain or the United Kingdom, abbreviated as UK, the full official form is the United Kingdom of Great Britain and Northern Ireland. It is one of the smallest countries in the world. The area of Great Britain is 244 thousand km². It occupies the British Isles, which lie off the north-west coast of Europe. The population is 66 million. The capital is London. The official languages are English, Welsh, Gaelic (Scottish Celtic), Scots (Scottish Germanic), Cornish, Irish.

The United Kingdom consists of England, Wales, Scotland and Northern Islands. The maritime border of Great Britain is Sweden, Norway, Denmark, Germany and France. The land border (Northern Ireland) is Ireland. The largest rivers of Great Britain are the Severn, which flows through the territory of England and Wales, and the Thames River. There are no large lakes, but there is a whole Lake District - the largest national park in England and, perhaps, the most famous natural region.

The main people of Great Britain are the British, they are considered descendants of the Anglo-Saxons and inhabit England itself, most of Wales and the south of Scotland. The second largest ethnic group are Welsh. There are also Scots, Irish and Ulsterians who are descendants of Scots and English in Ireland and local residents. Ethnographic literature sometimes separately mentions the gels who live in the north of Scotland in the mountains, the inhabitants of the Channel Islands and the Isle of Man. Also in modern Britain, representatives of other peoples of the world live, including former British colonies.
