**There are four seasons in a year: spring, summer, autumn and winter. Each of them lasts three months. Read short texts and guess what season described is. Start your answer with**

---

*I think it's... because...*

This season comes in March and ends in May. Snow melts. It often rains in ... , especially in April. People say, "April showers bring May flowers." The weather is changeable. Usually it's cool. But sometimes it's very cold. In April winds bring warm weather.

Of course! It's spring!

# What season is this?

---

It's the hottest season of the year. Days are long, nights are short. Usually the sky is cloudless, the sun shines brightly. There are storms in June. The thermometer always shows the temperature above zero. The season brings fruits, vegetables and berries.

You are right! It's summer!

---

---

**Then comes.... The weather is rainy and stormy. People must wear raincoats and umbrellas if they don't want to get wet. The leaves on the trees are yellow, brown and red.**

# That's it! It's autumn!

---

When ... comes, we spend a lot of time at home because it's snowy, frosty and windy outside. Rivers and lakes are frozen. In ... the temperature is always below zero. Everything is white with snow. Children make snowmen and snowwomen, play snowballs, skate and ski.

You are not mistaken! It's winter!
