
A vibrant green meadow with several dandelions in various stages of bloom. A butterfly with orange and black wings is perched on one of the dandelions. The background is filled with soft, out-of-focus green leaves and several translucent bubbles floating in the air. The overall scene is bright and cheerful, representing a wild natural environment.

Дикие животные нашего края

A vibrant green field with dandelions and a butterfly. The background is a lush green meadow with several dandelions in various stages of bloom. A brown butterfly is perched on one of the dandelions. The sky is bright green with soft, out-of-focus light spots and bubbles. In the top right corner, there are some green leaves from a tree or bush.
