- I'd like to compare and contrast these two photos.
- Both photos show us how young people spend their free time. In the first photo we can see a young woman. She is being alone and reading a book. In the second picture we can see a group of friends- two men and two young women. They are sitting in a café and doing a meal together.

- **Ответ на вопрос о сходстве фотографий**

Both photos show us different ways of spending free time being alone or keeping company with friends. In the foreground of each picture we can see an empty wall. There are any photos or posters. The friends are having a good time, while the girl also seems to be interested in her book.

- **Ответ на вопрос о**

The main difference between the photos is that in the one picture we see four persons, whereas there is just a young woman in the other one. The friends are having a lot of fun, they are laughing all. In the first picture the girl is sitting outside, she is wearing a T-shirt and having a snack maybe potato chips. In the second photo the persons are wearing more official clothes. They are probably having a lunch break in a café not far from the office. Their plates are full of tasty food.

Заключительная фраза

- As for me, I'd prefer to spend my free time with my friends.
- I'm an outgoing person and have a lot of friends. We meet, go to the cinema or the theatre. Sometimes we take a trip. However, we lack of time and we can only have a dinner together. During such short meetings we value every minute - discuss the news, tell jokes and laugh a lot. This is always a great event that's why I want to take a photo and share my impressions and feelings with my friends
- That's all I wanted to say about these two pictures.
