An aerial photograph of a vast, cracked, and dry lake bed, likely a salt flat. The foreground and middle ground are filled with a dense network of irregular, polygonal cracks in the light-colored, mineral-rich earth. In the background, a deep blue lake is visible, surrounded by a flat, white landscape. The sky is clear and light blue. The text "Растения." is overlaid in a large, bold, green font across the center of the image.

Ламинария

A large, white iceberg with a jagged, irregular shape floats in the middle of a deep blue ocean. The sky is a clear, pale blue. The water shows some ripples and a slight wake, suggesting a boat is nearby. The iceberg's surface is mostly white with some darker, shadowed areas. The overall scene is serene and cold.
