YOU WILL NEED: print of flower and leaf, scissors, hot glue gun

trim petals and leaf for gardenia flower

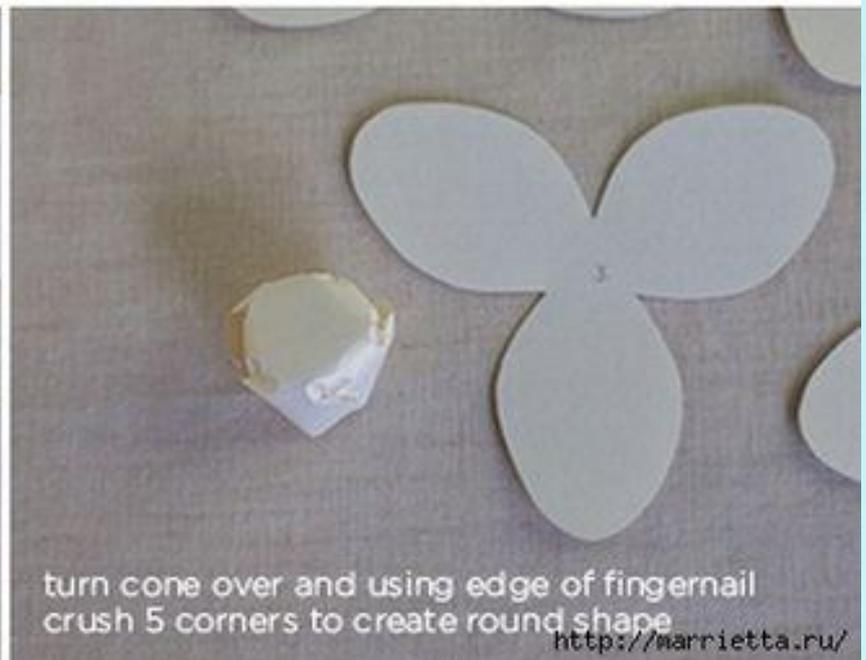

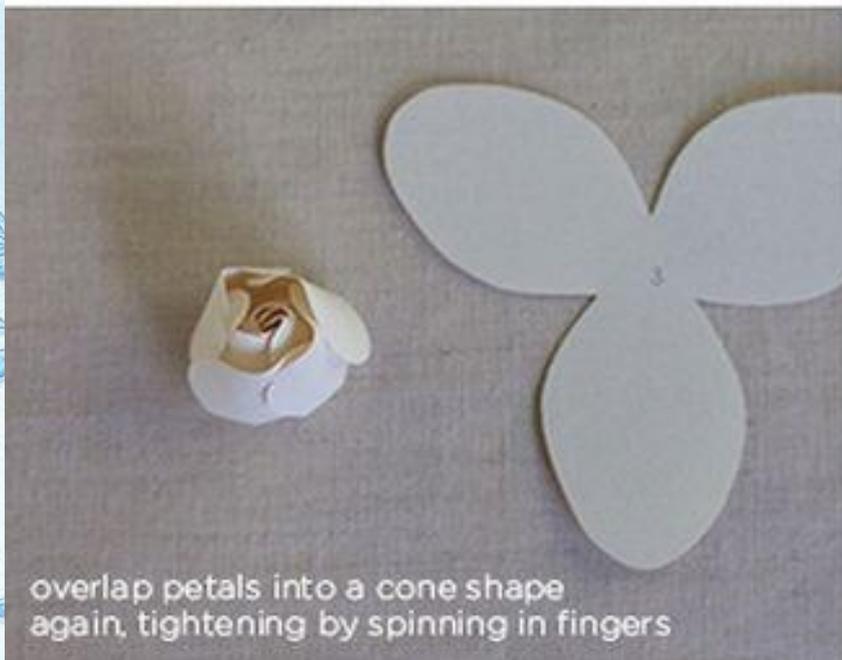

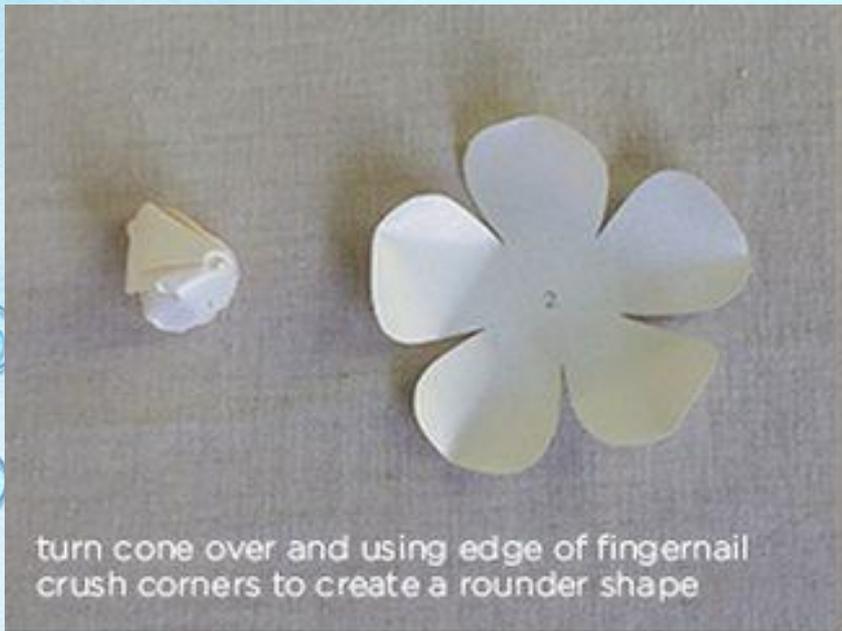

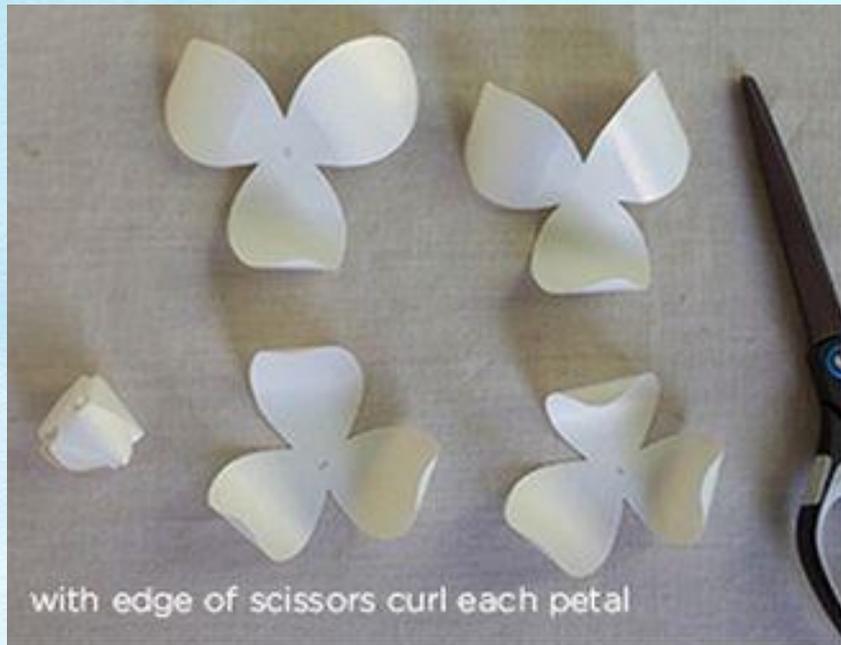

with edge of scissors curl each petal both directions vertically and horizontally

form a cone shape with petal 1, overlapping petals in a spiral. spin in fingers to tighten

<http://marrietta.ru/>

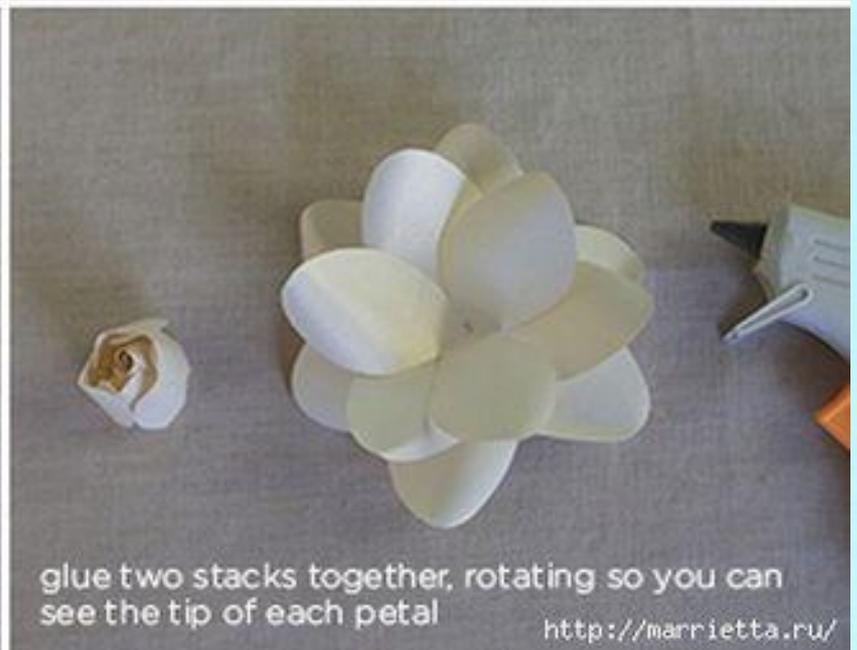

with edge of scissors curl each petal

curl edge of each petal, each in a different direction to create organic look

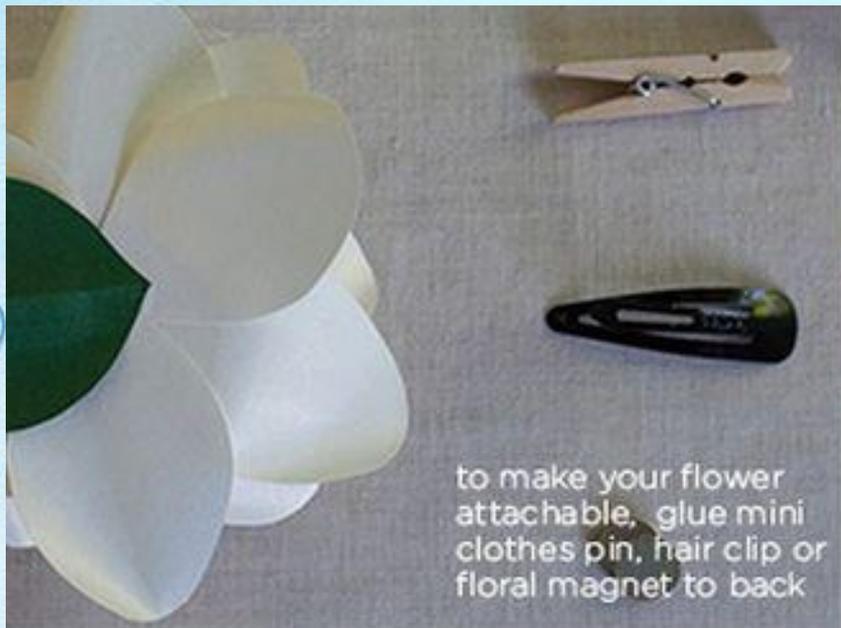

glue petal 3 on petal 4 and 5 onto 6, rotating petals evenly

glue two stacks together, rotating so you can see the tip of each petal

<http://marrietta.ru/>

to make your flower attachable, glue mini clothes pin, hair clip or floral magnet to back

for stemmed gardenia, cut a small round green paper and slit to center.

curl end of floral wire and slide paper onto wire

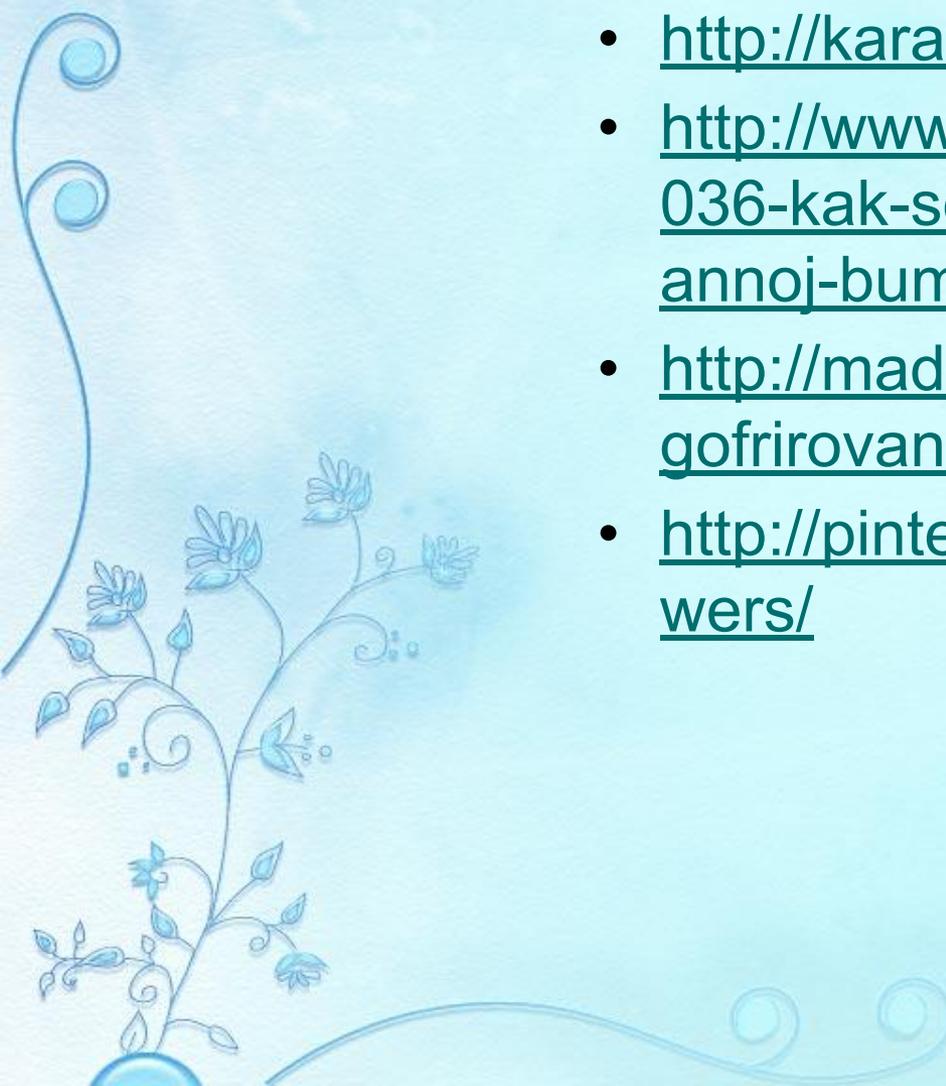

glue paper disk onto back of gardenia

starting at base of flower, wrap floral tape down wire. gently pull as you wrap to activate tack
