● The Smith family's doctor

Dr Edwards is the Smith family's doctor. He works at Church Street Surgery. Two other doctors work there, and three receptionists. A nurse works there in the afternoon. The practice has 3,500 patients. Dr Edwards sees between 25 & 30 patients every day. He usually sees patients at the surgery, but he sometimes visits patients in their homes. All of his patients are National Health Service patients: he doesn't see any patients privately.

Look at your seven answers. Do you have more As, more Bs, more Cs or Ds?

If you have more As:

Congratulations! You are probably very fit and very slim, but you shouldn't overdo things.

If you have more Bs:

Well done! You are probably fit and not overweight. You have a good balance between having fun and being sensible about your fitness and diet.

If you have more Cs:

You think about fitness and diet, but you should try harder. You shouldn't eat quite so much, and you should get more exercise.

If you have more Ds:

You really should look after yourself better. You should eat more healthily and you should get more exercise.
