Past Perfect

Мы используем **Past Perfect**, для того, чтобы показать:

1) что действие было завершено до определенного момента в прошлом:

Е.г **I had read a book by two o'clock.** (К 2 часам книга уже была прочитана)

1 часть прочитала, а 2 часть **by two o'clock** показывает определенный момент речи.

Past Perfect образуется с помощью вспомогательного глагола **Had + V3**.

К правильным гл. прибавляется окончание **-ed-**

Если гл. неправильный то используем **3 форму глагола** (3 колонка)

• Е.г **She had prepared supper when her sister called her.**

• **I had done all my homework when my mother came**

2) что одно действие было завершено перед другим действием в прошлом:

• Е.г **She had already left when I came.** (У нас есть действие в прошлом - **when I left** и действие которое произошло еще раньше - **She had already left**, которое и выражается **Past Perfect**)
