

Medicine in England

The slide features a light green background on the left side. A white rounded rectangle is positioned in the upper left quadrant. A dark blue horizontal bar with rounded ends is located at the bottom of the slide, extending across the width of the text area.

A decorative graphic on the left side of the slide, consisting of a light green vertical bar and a dark blue horizontal bar with rounded ends.

The aim of my work is to find out interesting and useful information about medical health care.

**Many people
have dreams
of becoming
doctors and
saving lives**

**Cures from
Medieval
England:
For toothache:**

**For evil spirits in
the head:**

For general illnesses:

Blood letting:

Cauterisation:

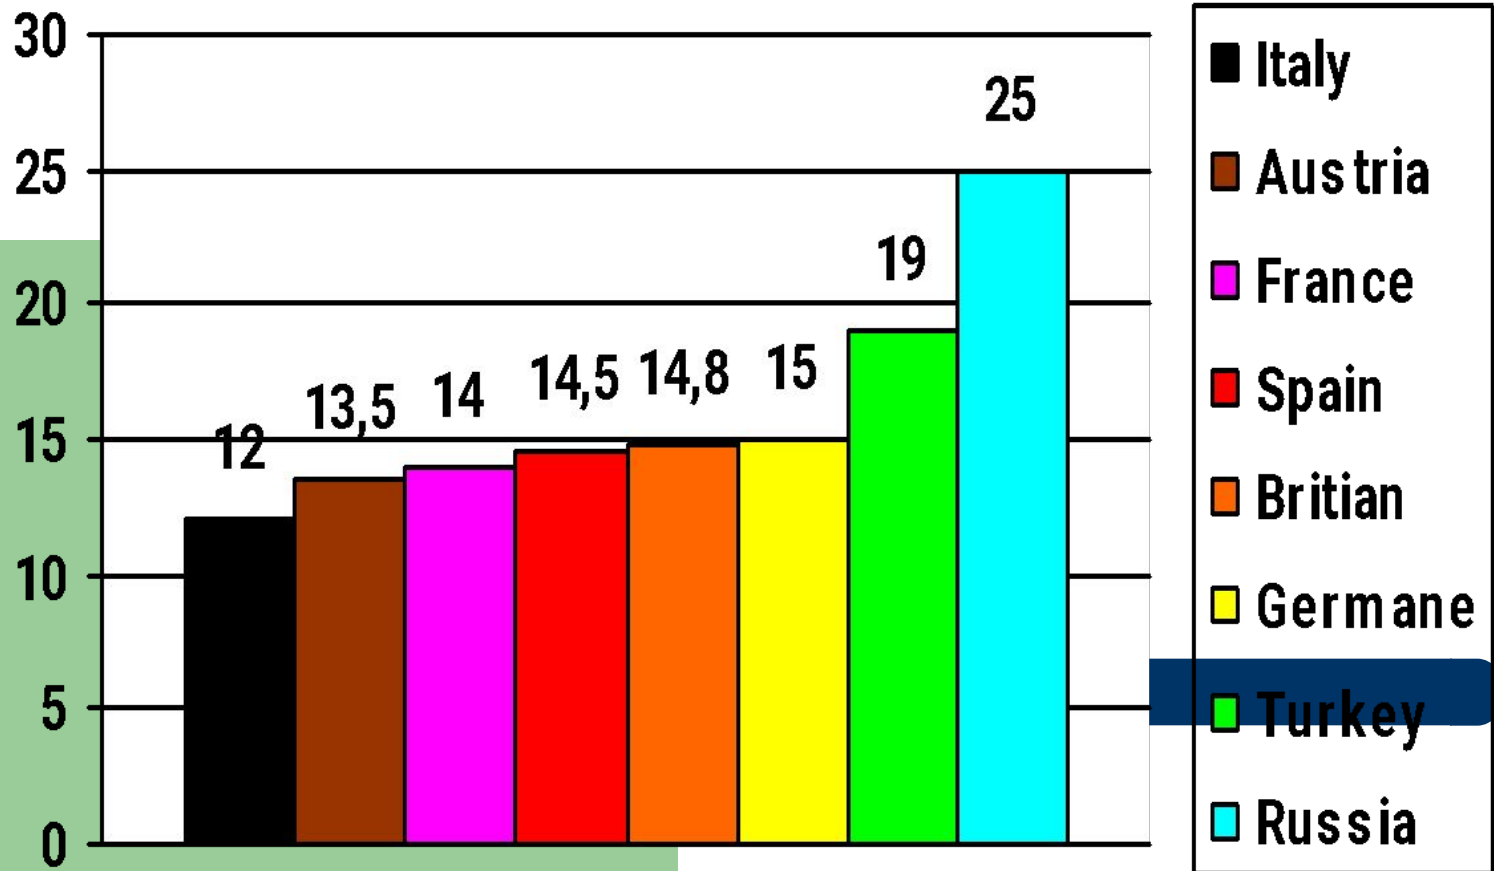

Astrology:

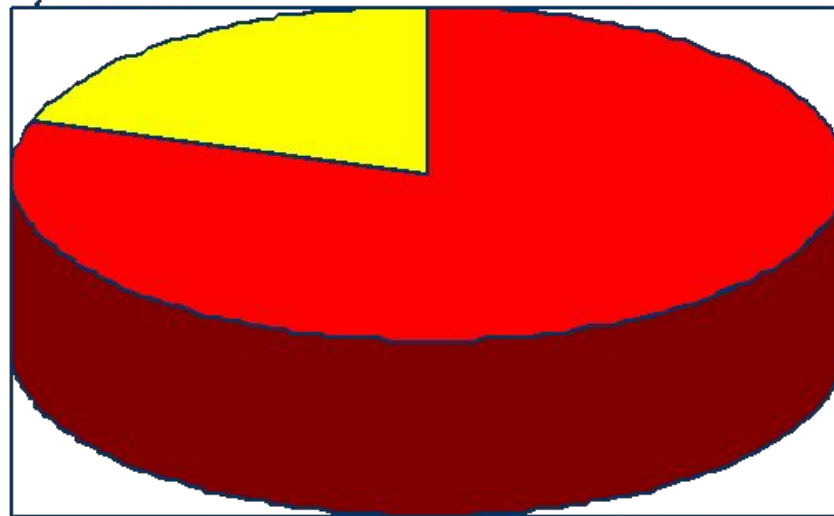

Medical choice, a mixture of the theory of Humors, the Doctrine of Signatures, astrology, tradition, chemical science, and magic became the basis for popular medicine in Elizabethan England.

Europe's healthiest countries

Russia and England

Russia; 20%

England; 80%

A decorative graphic in the top-left corner consisting of a light green square partially overlapping a white rounded rectangle, and a dark blue horizontal bar extending from the left edge of the white rounded rectangle.

Be healthy!
God bye!
