- ▶ "Hedwig and the Angry Inch," written by John Cameron Mitchell and Stephen Trask, tells the story of transsexual rock singer on stage Broadway Belasco Theatre, which will host a musical.
- ▶ The authors of the musical, has acquired cult status, are John Cameron Mitchell and Stephen Trask
- ▶ The game's story - the story of how the main character, the heroine, who appears before the public in the form of a woman, then a man trying to understand themselves, to find their soul mate and make sense of where it is on the ground there was love.

My favorite musical on Broadway stage
-"Hedwig and the Angry Inch"

Darren Criss - fifth Hedwig

Darren - the best thing that happened to the
cinema and TeArt industry lately.

Broadway - is a luxury, dreams and wealth. Broadway - is the pinnacle of acting dreams and the success of the peak. But most importantly: Broadway - a theater!

I want to be Rachel Berry - small, annoying girl with great talent. She always gets her way, and removes all obstacles from its path.

I love theater, staging different.

It is really a cool thing, which you can watch forever.

My dream - is to get to Broadway.

And the most important dream, if a secret - it is the most play on Broadway. In the musical Funny Girl, which played a great star Barbra Streisand, and then a cover was Lea Michele (the girl - my inspiration)

**Theater - it's
someone's life**

Бродвей – это роскошь, мечты и богатство. Бродвей – это вершина актерских мечтаний и пик успешности. Но главное: Бродвей – это театр!
