Mikhailovsky
Palace

The palace was built for the youngest son of Paul I ***Grand Duke Mikhail***

Grand Duke Mikhail

The palace was built after the design of the architect ***Carlo Rossi***

The State Russian museum was inaugurated in the palace in **1898**

The collection of the State Russian Museum amounts to 400.000 exhibits of paintings, graphic art, sculpture, decorative and folk art

Benois Block

The high railing is one of the best examples of wrought-iron work in St-Petersburg.

The granite staircase with bronze lions leads to the doors of the palace.
