Порядок работы

- Порядок звукового анализа слов с различными типами слоговой структуры предложен Е. С. Большаковой в пособии «Работа логопеда с дошкольниками». Автор предлагает последовательность работы, способствующую уточнению контура слова:
 - · двусложные слова из открытых слогов (сова, лиса)
 - · трехсложные слова из открытых слогов (машина);
 - · односложные: слова, представляющие собой закрытый слог (кот, соль);
 - · двусложные слова с закрытым слогом (лимон);
 - · двусложные слова со стечением согласных в середине слова (пушка);
 - · двусложные слова с закрытым слогом и стечением согласных (чайник);
 - · трехсложные слова с закрытым слогом (ананас);
 - · трехсложные слова со стечением согласных и закрытым слогом (автобус);
 - · трехсложные слова с двумя стечениями согласных (матрешка);
 - · односложные слова со стечением согласных в начале и в конце слова (флаг, хлеб);
 - · двусложные слова с двумя стечениями согласных (звезда);
 - · четырехсложные слова из открытых слогов (кукуруза).
