I am fond of jazz. Jazz was created in the United States by black Americans. It is a mixture of many different kinds of music. It is a combination of the music of West America. Improvisation is an important part of jazz.

Today, people all over the world play jazz. People who like jazz always remember American jazzman Louis Armstrong. And now let's listen to jazz.

I want to tell you about classical music. Most of the people of my age prefer Eminem to Tchaikovsky, Bach, Mozart, Beethoven . But I find classical music relaxing.

This music has been living for centuries. Some people simply don't understand classical music, but it has a deep intellectual appeal.

When I listen to the classical music , I enjoy this wonderful music. It helps me feel much better. Of course, we must be taught not only to listen but to understand classical music. And now I want you to listen to a piece of classical music.

I am going to tell you about rock. It is my music! Rock music, or, rather rock-n-roll, appeared in the 1950-s. The first rock music is connected with the names of Elvis Presly, Chuck Berry, The Beatles, The Rolling Stones, Eric Clapton, The Doors and some others.

The 70-s were the time of revolution in rock music. Led Zeppelin, Deep Purple, Black Sabbath told the world about the beginning of new era of hard rock. And now let's listen to rock music.

I am going to tell you about folk music. This music lives on for centuries. Every nation has its own national music and dance ensembles and choirs. The British are very fond of their folk music. They held special Folk Festivals, where the young can learn about their national culture and folk music. It is a pity we don't know much about Russian folk music.

But I know that there are some groups now. The members of these groups sing Russian folk songs. I like to listen to these songs because it is interesting to learn about the past. We know Nadezhda Babkina and Nadezhda Kadysheva. In Russian culture there is also a special form called "chastushka". Russian people like them. Now I want you to listen to a piece of folk music

I love pop music. I think it is not difficult for understanding. I like to know more and more about popular talented groups and singers I like.

I want to add that only talented people can to be singers. As for me I like new rhythms, I prefer pop music. Pop music unites the teenagers all over the world and makes us feel a part of global family. We can hear this music every day and everywhere. Now let's listen to my favourite singer Dima Bilan.

Look at the blackboard. There are some words there.
Repeat them after me.

trouble
seem
though
believe
suddenly
shadow
hang
hide

All these words are from the song “Yesterday”. Let us sing this song.

▣ **Yesterday**

- ▣ Yesterday,
All my troubles seemed so far away,
Now it looks as though they're here to stay,
Oh, I believe in yesterday.
- ▣ Suddenly,
I'm not half the man I used to be,
There's a shadow hanging over me,
Oh, yesterday came suddenly.
- ▣ Why she had to go I don't know, she wouldn't say,
I said something wrong, now I long for yesterday.
- ▣ Yesterday,
Love was such an easy game to play,
Now I need a place to hide away,
Oh, I believe in yesterday.
- ▣ Why she had to go I don't know, she wouldn't say,
I said something wrong, now I long for yesterday.
