

Project:
**“The Life of Ukrainian
youth»**

- *Nowadays when our independent state Ukraine is developing, much attention is paid to our youth.*

-
- The desire of our young people to become qualified specialists in future motivates them to enter higher educational establishments.

-
- For young people higher education is the method of developing their talents and abilities, their creative potential.

-
- That is why beside their studies they are also engaged in different clubs and organizations.

- Almost every school or institute has its own team of “joyful and smart” (KVN).

-
- This game is rather popular among our young people and it helps them to bring out their brightest talents and to create team spirit.

-
- Young people learn to work together, to share the moments of luck and failure. Besides studies young people are also engaged in scientific and research work. One may say that nowadays this sphere is not paid too much attention to.

-
- This is true, but still there exist “Young Scientists’ Councils”, where young people can discuss or present their scientific investigations.
 - There also exists the Ukrainian branch of youth organization Greenpeace in Ukraine.

-
- Young people learn to love their land and the world that surrounds them. This organization protests against environmental pollution, against extermination of all animals, not only rare species.

- Some young people work in their church organizations: they help elderly people, reconstruct our historical monuments and monasteries. This work brings them closer to our history, teaches them to love their country and respect its past.

- A lot of young people go in for sports, that is why schools and institutes have sport clubs and teams.

- Our young people are especially interested in football, basketball, hockey, etc.

-
- There also exists a great variety of different clubs in this country.

-
- They are: theatre clubs, where young people stage different literary works; clubs “What? Where? When?”, where they can enlarge their knowledge in different fields of science and life, and so on.

- Future belongs to the young, that is why the political life of this country is important to them

-
- Many young people are engaged in political parties and organizations such as: “the greens”, the Union of Ukrainian Youth, the Scouts.
