National Depository of Ukraine

CSD®

National Depository of Ukraine (NDU)

- NDU was established according to the Law of Ukraine ‘On National Depository System and Peculiarities of Electronic Circulation of Securities in Ukraine’ to ensure functioning of a single depository record-keeping system
- On December 18, 1998, SSMSC and NBU signed an Agreement Establishing National Depository of Ukraine
- NDU registration with the State took place on May 17, 1999
- The State represented by the National Securities and Stock Market Commission owns 25 % of NDU shares. In addition, 25 % of shares belong to the National Bank of Ukraine
- NDU share capital makes up UAH 103 200 000

Central Securities Depository (CSD)

- On October 12, 2013, the Law of Ukraine ‘On Depository System of Ukraine’ came into force (hereinafter - the Law)
- According to Article 9, part 2 of the Law, CSD is a legal entity which operates in the form of a public joint-stock company under the Law of Ukraine ‘On Joint-Stock Companies’ with consideration of peculiarities set by the Law
- Once CSD GTC are registered by the National Securities and Stock Market Commission in keeping with the stipulated procedure, a joint-stock company is deemed to have obtained a CSD status
- On October 1, 2013, the National Securities and Stock Market Commission registered CSD GTC submitted by NDU (Commission’s Resolution No. 2092 as of 01.10.2013)

Membership in International Organizations

Today, NDU is a member of the following international organizations:

- Association of National Numbering Agencies (ANNA)
- European Central Securities Depositories Association (ECSDA)
- International Securities Services Association (ISSA)
- Association of Eurasian Central Securities Depositories (AECSD)

Technological Support

NDU Depository Activity Technological Complex (NDU DPS) was developed within the framework of implementation of the State Program For Development of the National Depository System of Ukraine

- NDU DPS provides for processing of all transactions envisaged in current legal and regulatory acts related to depository activity as well as securities transactions settlement, and includes technological facilities needed for custodians' depository activity
- NDU offers depository institutions and their depositors full-fledged depository servicing of cross-border transactions (via links with foreign (I)CSD by means of S.W.I.F.T.)
- NDU provides custodians with a 'custodian's branch' module for providing services in their remote branches located all over Ukraine

Secured Electronic Documents Flow

- ***National Information Network and Data Transfer System*** enables stock market participants to use advantages of electronic documents flow, including electronic reporting to state authorities (Regulator)
- ***NDU Backup Datacenter*** is located remotely; in the event of NDU Main Datacenter's outage, a catastrophe-resistant technological software complex provides for the highest level of reliability and continuity of depository activity as well as processing of transactions initiated by stock market participants
- ***NDU Accredited Certification Authority*** provides domestic stock market participants with digital signature and information enciphering services. NDU guarantees compliance of electronic documents flow among domestic stock market participants with the Law of Ukraine 'On Electronic Digital Signature' as well as full confidentiality upon data exchange

Securities Transactions Settlement

NDU settles the following securities transactions:

- on-exchange DVP/FOP securities transactions
- OTC DVP/FOP securities transactions

NDU receives information on OTC and on-exchange DVP securities transactions from the Settlement Center

NDU receives information on on-exchange FOP securities transactions from stock exchanges
