WB p.35 ex. 3, 4

A cartoon illustration of a bee with a yellow and black striped body, climbing a large white hexagonal shape. The background is a field of sunflowers with yellow petals and dark brown centers. The bee is positioned on the left side of the hexagon, appearing to be climbing up. Another bee is visible on the right side of the hexagon, also climbing. The overall scene is bright and cheerful.

**I can jump, I can run,
I can sing, I can dance,
I can swim, I can't fly,
I can climb and say "good – bye"!**
