A visit to the country

Last summer I went to the country. I went to visit my uncle, his wife and their children, Pavel and Natasha. My uncle is a tractor-driver his wife works on the cattle-farm.

I left my flat early in the morning and went by bus to the country. My uncle and his family met me at the bus stop and took me to their house.

On the way, Pavel and Natasha showed me the fields of wheat and vegetables and the cattle-farm. I saw fields of green grass and flowers. In the fields there were many cows and sheep.

I went into the house and had dinner. After dinner I went for a walk. My uncle showed me the tractors and other machines. His wife took me to the cattle-farm. From the cattle-farm I went to the pig-farm. There were many large pigs, and many little ones. After my walk, I went back to the house and had tea and some cakes. We spoke about different things and about life in town and in the country. Then I said goodbye and went home.

IN THE VILLAGE

My uncle lives in the country. The name of the village where he lives is Krasnoye. It is not far from the Volga. The village is not small, more than five thousand people live there.

In the centre of the village there is a large square. The Village Soviet is on one side of the square with shops and a café near it. The club is on the other side, opposite the Village Soviet. The club has a big hall, where people see films and listen to concerts. There is a library in the club. In the evening the people of the village go to the club and have a good time there. Sometimes they have meetings there too. There are two schools in the village.

The houses in Krasnoye are new and modern. Some of them have two floors. There is gas and cold and hot water in every house.

There are a lot of trees and flowers in the yards and in the streets. I like to come to this village.
