Writing Tip

When we write a news report we can divide it into three or four paragraphs.

- In the **introduction**, we write a short **summary of the event** (*i.e. we write **what happened, where and when it happened, who was involved, etc.***).
 - In the **main body** we write a **detailed description of the event**.
 - In the **conclusion** we write **people's comments**.
- We normally use **past tenses** in this type of writing.
