I like reading and often read different books. I would like to tell you about my favourite kinds of books today. I love reading: history, literature, science, fantasy, science fiction and statistics books because I would like know more about another countries and more

# Romeo & Juliet

(устно: it is my favourite book)

I am going to  
tell a little  
you about this  
tragedy. By  
the way I have  
recently read  
it.

It was written  
by one of the  
most famous  
English  
writers of all  
time William

The scene of book  
is set in Verona.

As It is the  
feud of noble  
families  
Montague and  
Capulet. Once  
Capulet

arranged ball.  
Romeo came  
there to met  
with Rosaline  
But he saw

She is 14. Juliet  
is young,  
impressionable,  
stubborn and  
more calm than

Romeo and  
brave. She could  
play with death  
and Juliet her  
parents for love.

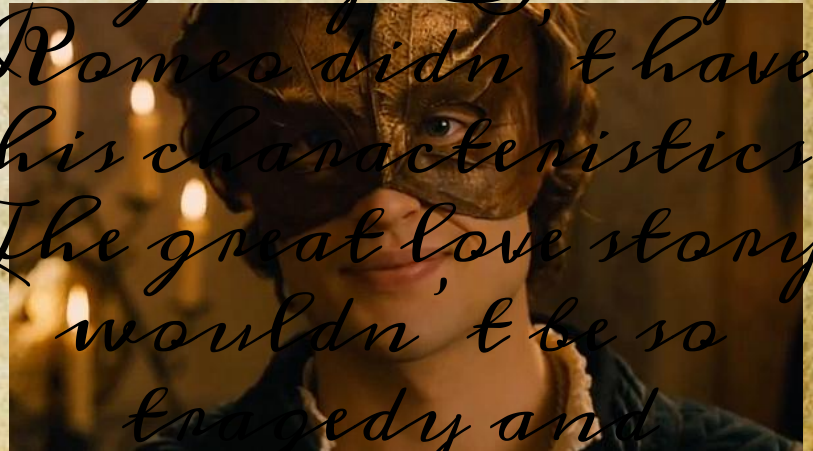

But this idea  
finished with  
grief.

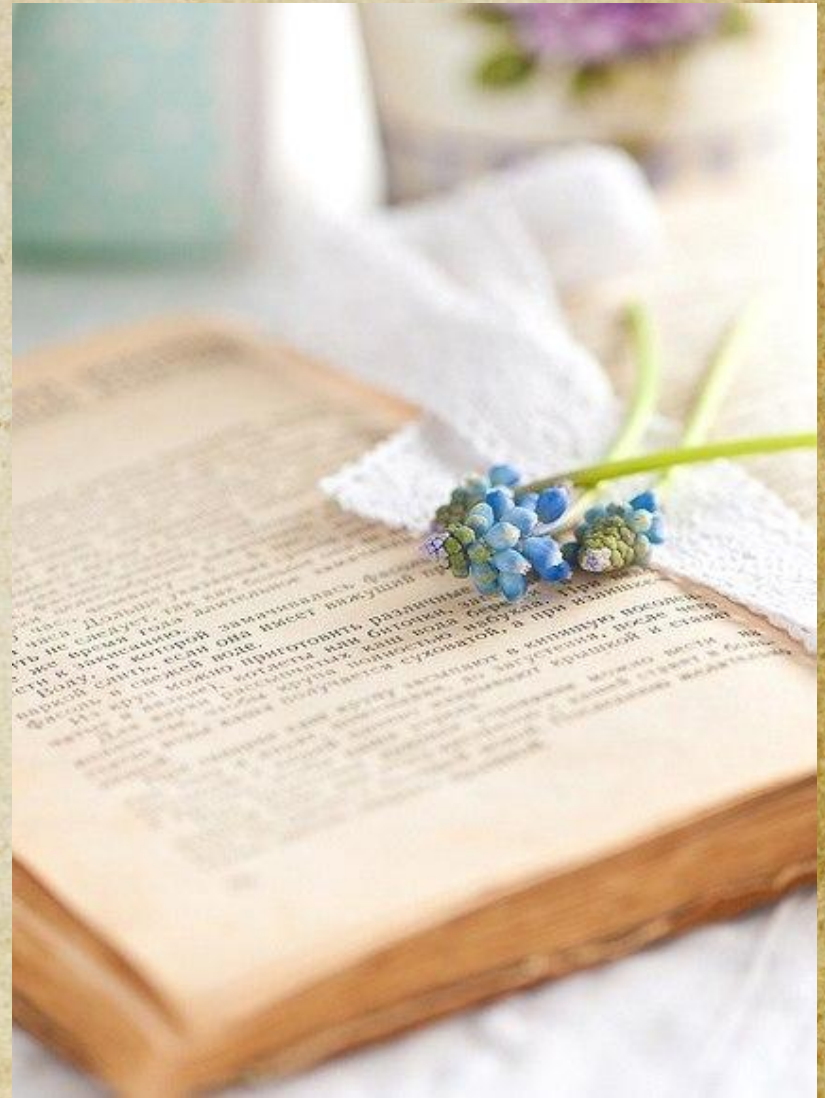

He is 18. Romeo is  
amorous, beautiful,  
changeable, ardent,  
emotional and may  
be a little gentle man.

Many people will  
criticize him for his  
actions and it will be  
right. ~~Romeo~~ But if

Romeo didn't have  
this characteristics,  
The great love story  
wouldn't be so  
tragedy and  
wouldn't be itself.

In the truth I  
have some read  
books about love  
but I didn't  
like at all. In  
my opinion  
this ancient  
drama is best.  
There are a lot  
of tragic,  
smiling, grief  
and love in my  
book. On the

My account is very incomplete, I haven't mention the main idea

I have taken from this book.

From my point of view It is a reconciliation of families due

to unhappiness love and die of  
There were some changes  
young lovers. (To sum up the  
families life, reconciled by these  
a few ill deaths and agree to  
it. I find that violent feud.)

that Love is  
the great  
power which  
can do

For me the most interesting was a moment fight between Romeo and Tybalt. This episode made a strong impression on me because it is interesting

This book was written 5  
centuries ago, but new  
films are made, pictures are  
drawn, composers write  
music about it story

nowadays. Performance

Romeo and Juliet are  
playing every day. It is a  
real great story of all time.

On the whole this book is  
good. It's worth reading.
