Hello, boys and girls from Botovo!

We are the 9-th year students from Klimovskaya school which is 30 km from the city Cherepovets. Both boys and girls learn in our class. But neither boys nor girls like to go to the library. They don't know how to choose a good book. So they enjoy either sport or computer, but not a book.

*Do you have the same problem?
Advise us how to choose a book. Thank you!*

Why?

It is always worth reading

It makes you want to read

They are exciting

I love fantasy

My favorite writer is M. Twain

I trust my friends

They know more than I do

A poem

“What are books for me?”

I love to read books,
It's my cup of tea.
Books are full of ideas,
Don't you agree?

Books can teach and excite,
Books can comfort and thrill,
Books can show you the world,
And will make you feel.

Funny books make me laugh,
Romances make me cry,
Adventure books make me happy,
I don't know why.

Thrillers bore me to death,
Fantasy is good fun.
And I can't stand science fiction,
Don't give me one.

All those robots and fights,
And alien ships,
Make me cry at night,
Make me walk in my sleep.

Books will never let down,
Books will never mislead,
When you make a new friend,
Ask him “What do you read?”
