

**Симметрия**

*На клетчатой бумаге*

Из разных цифр я сделал бусы,  
А в тех кружках, где чисел нет,  
Расставьте минусы и плюсы,  
Чтоб данный получить ответ.

6 + 8 - 9 = 5

9 - 7 + 6 = 8

2 - 2 - 7 = 12

2 - 1

# Где стояли скобки?

$$7 \cdot (6 + 1) = 49$$

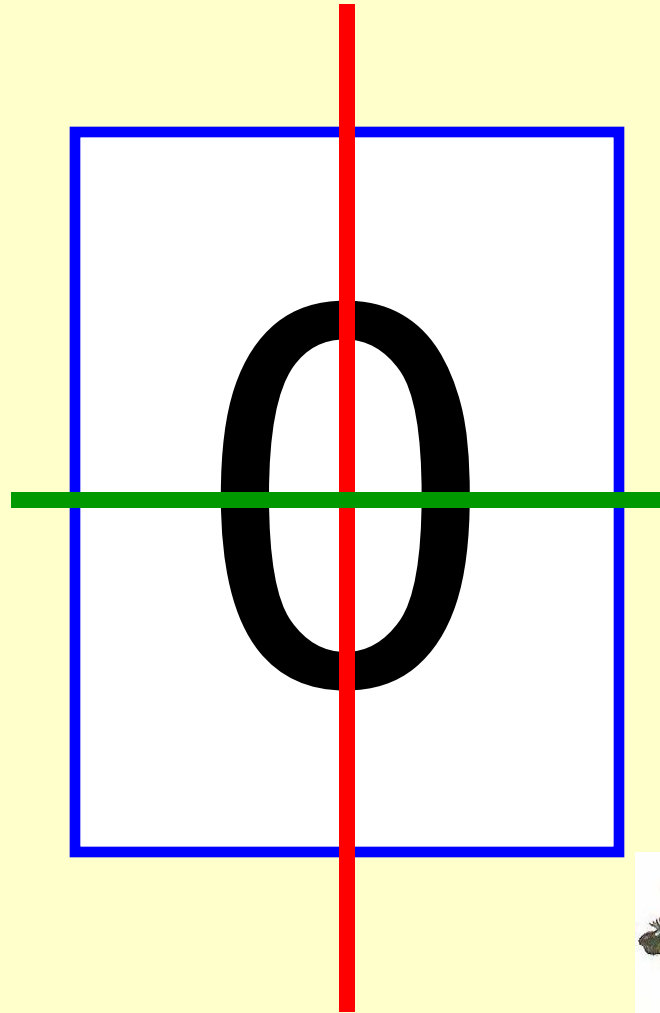

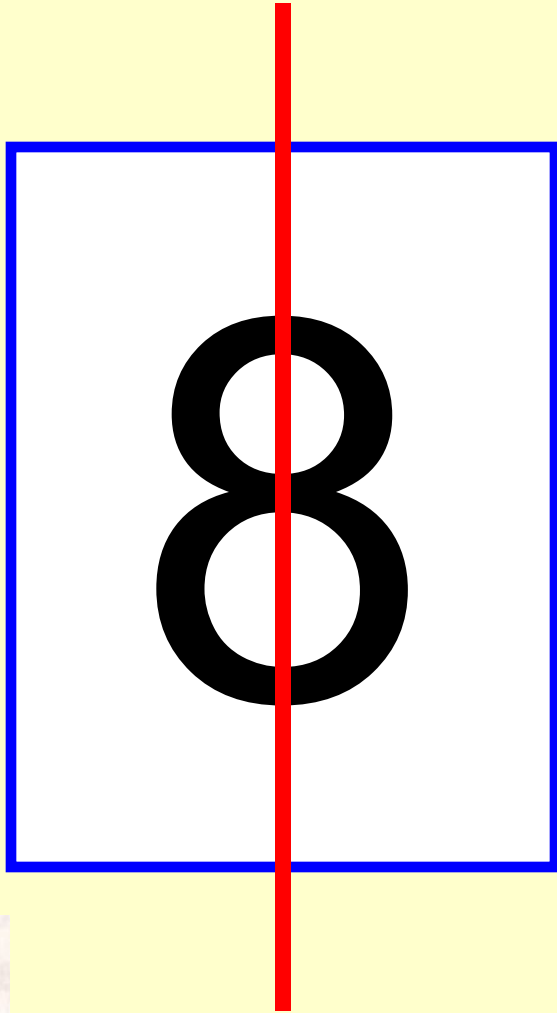

$$(8 \cdot 7) + 10 = 66$$

$$36 : (4 - 3) = 36$$

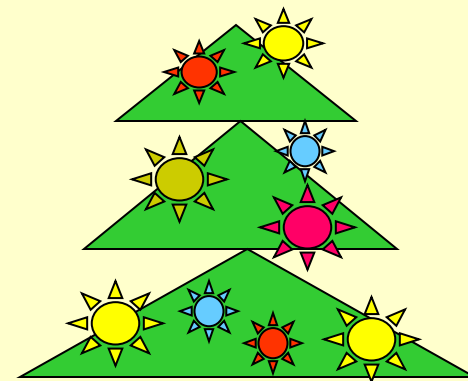

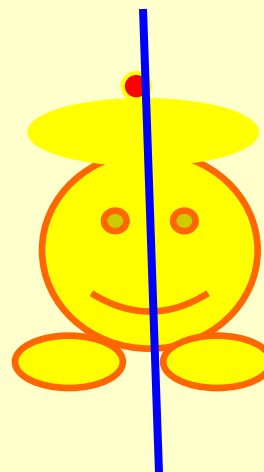

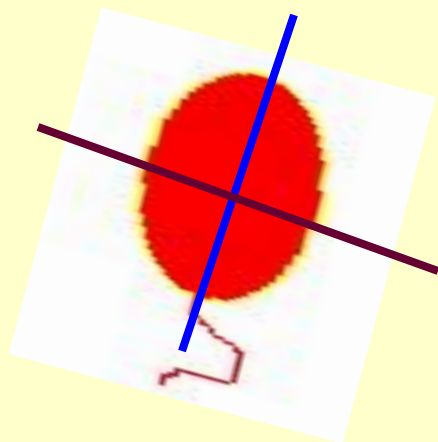

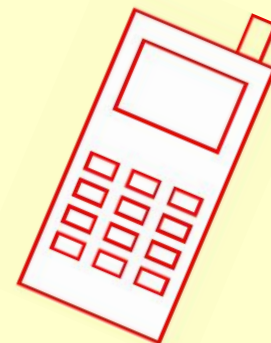

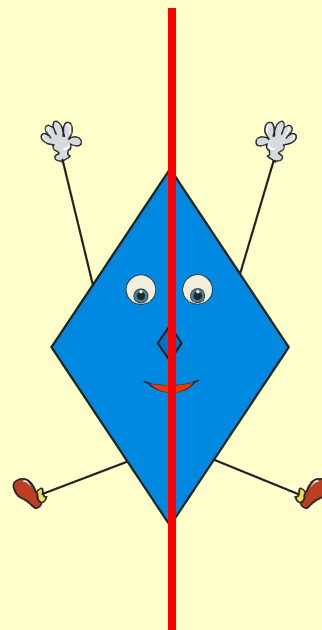

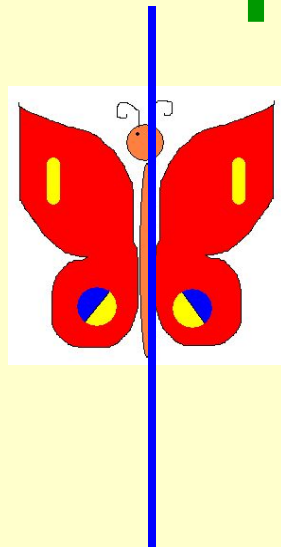

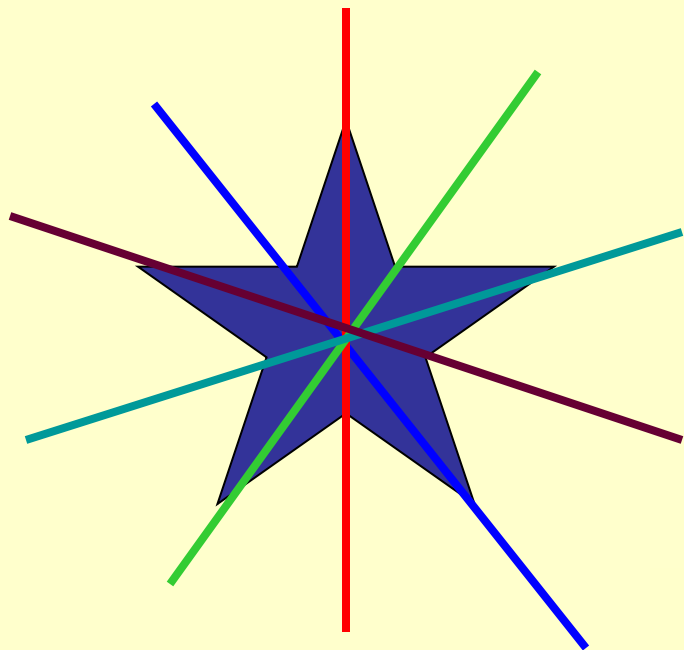

$$20 + (9 \cdot 9) = 101$$

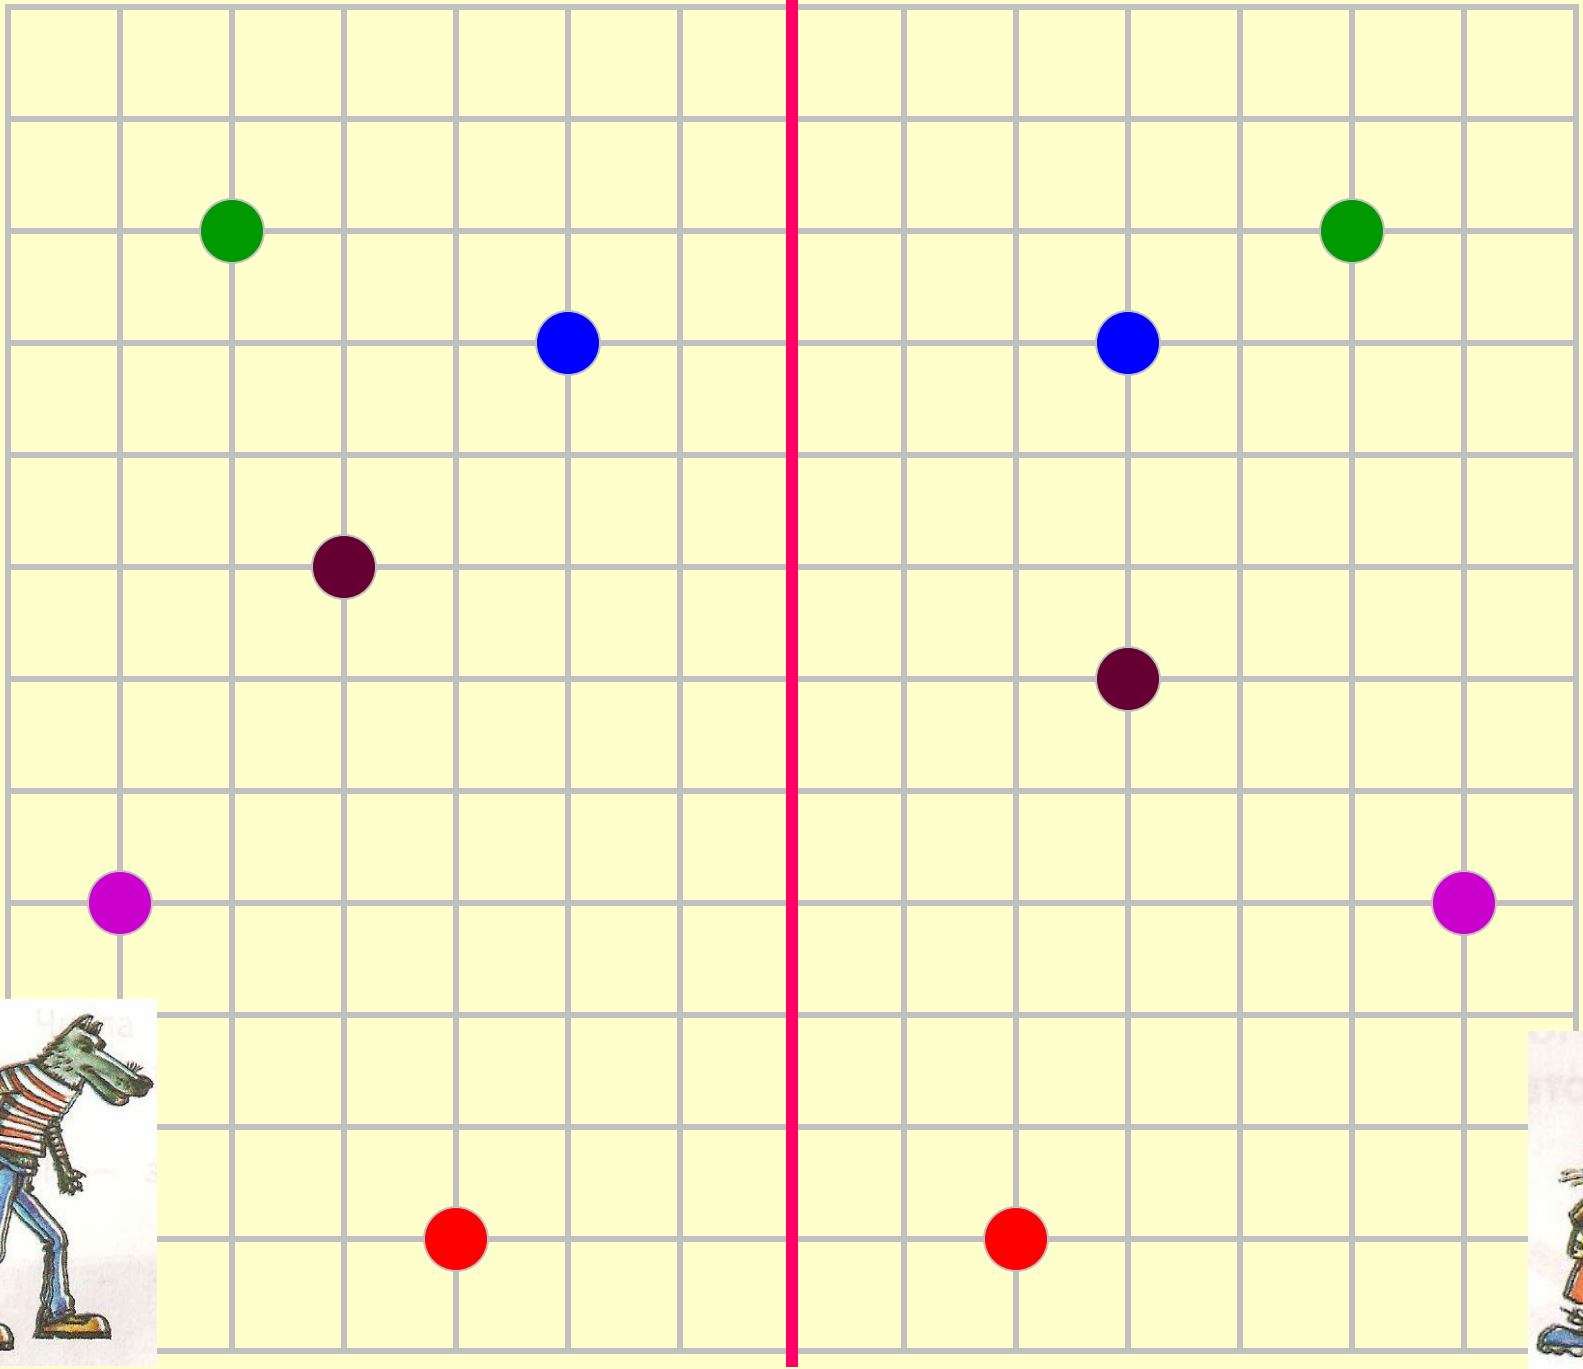

$$(36 : 4) - 3 = 6$$

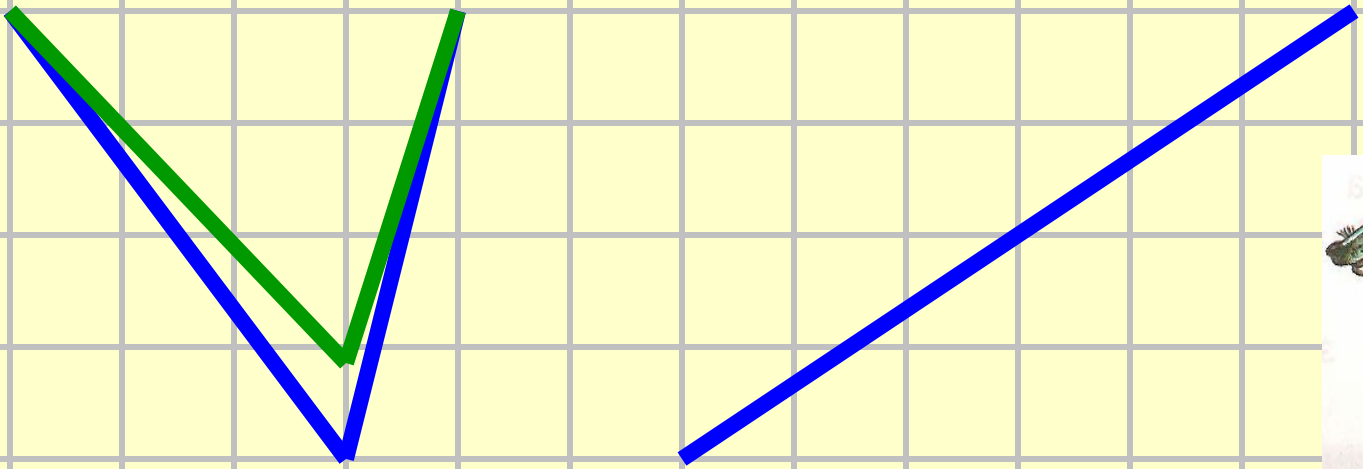

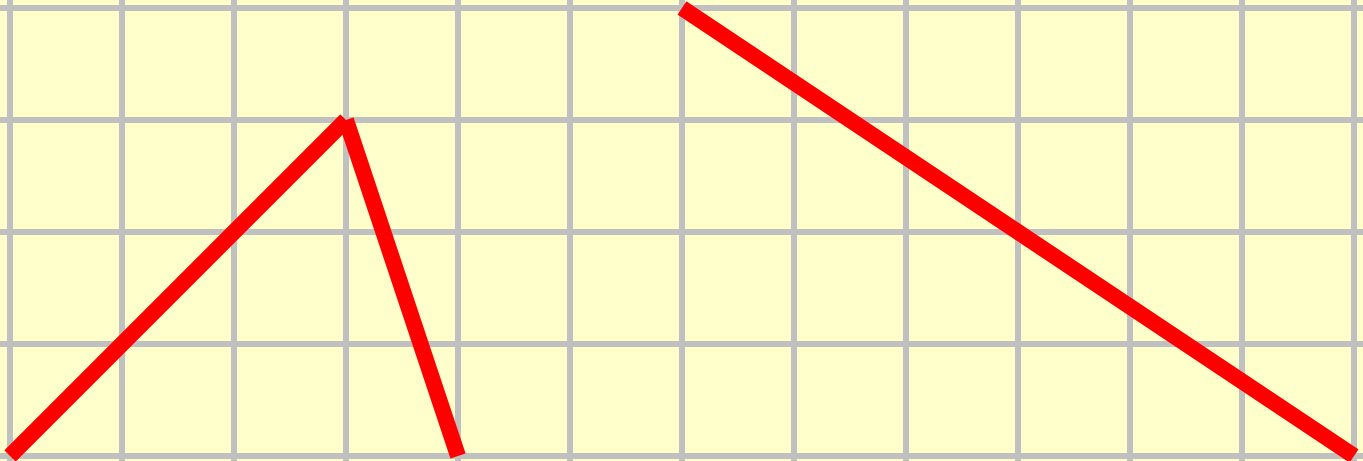

$$10 + (4 \cdot 5) = 30$$

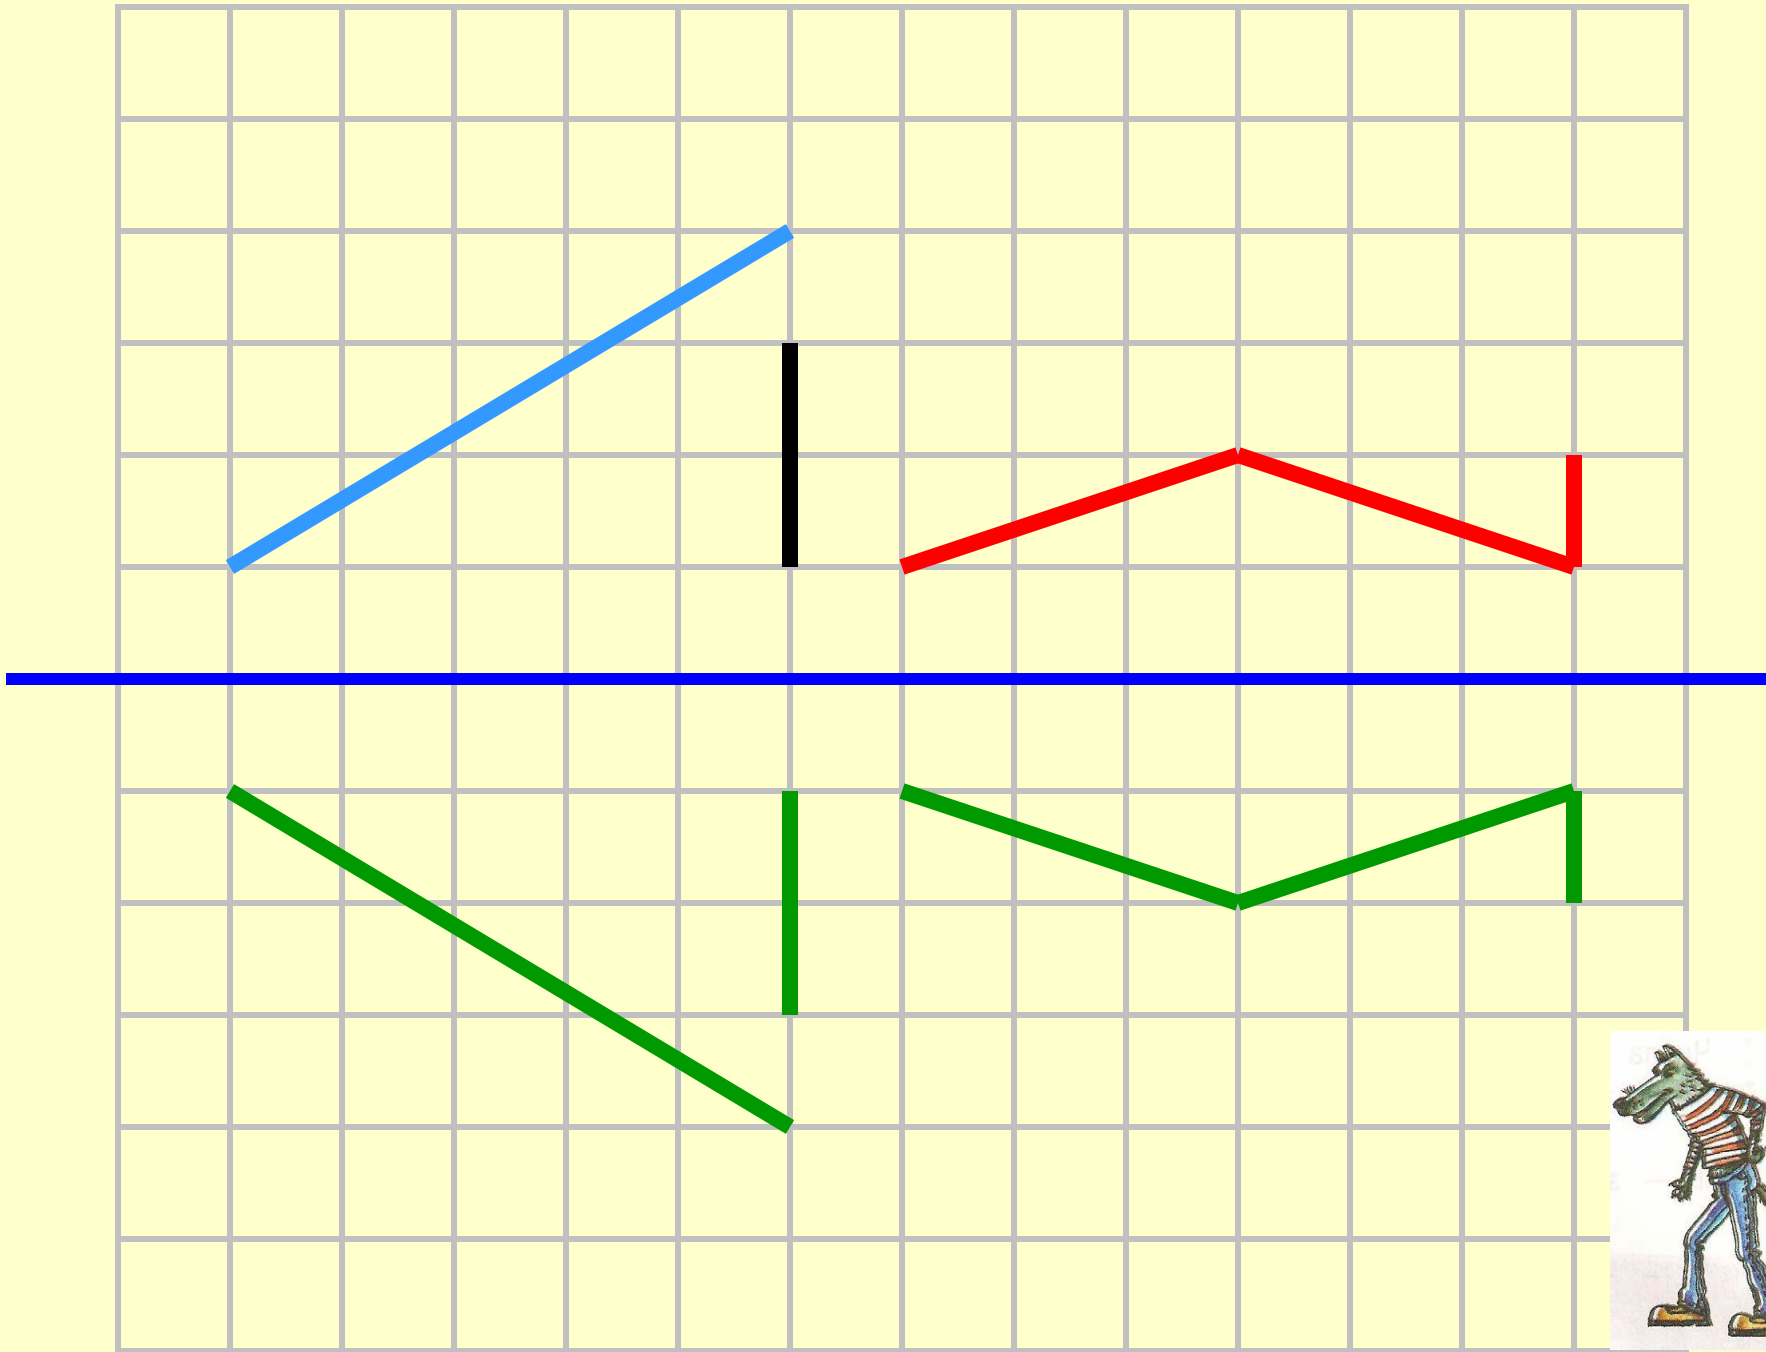

# Какие рисунки имеют ось симметрии?

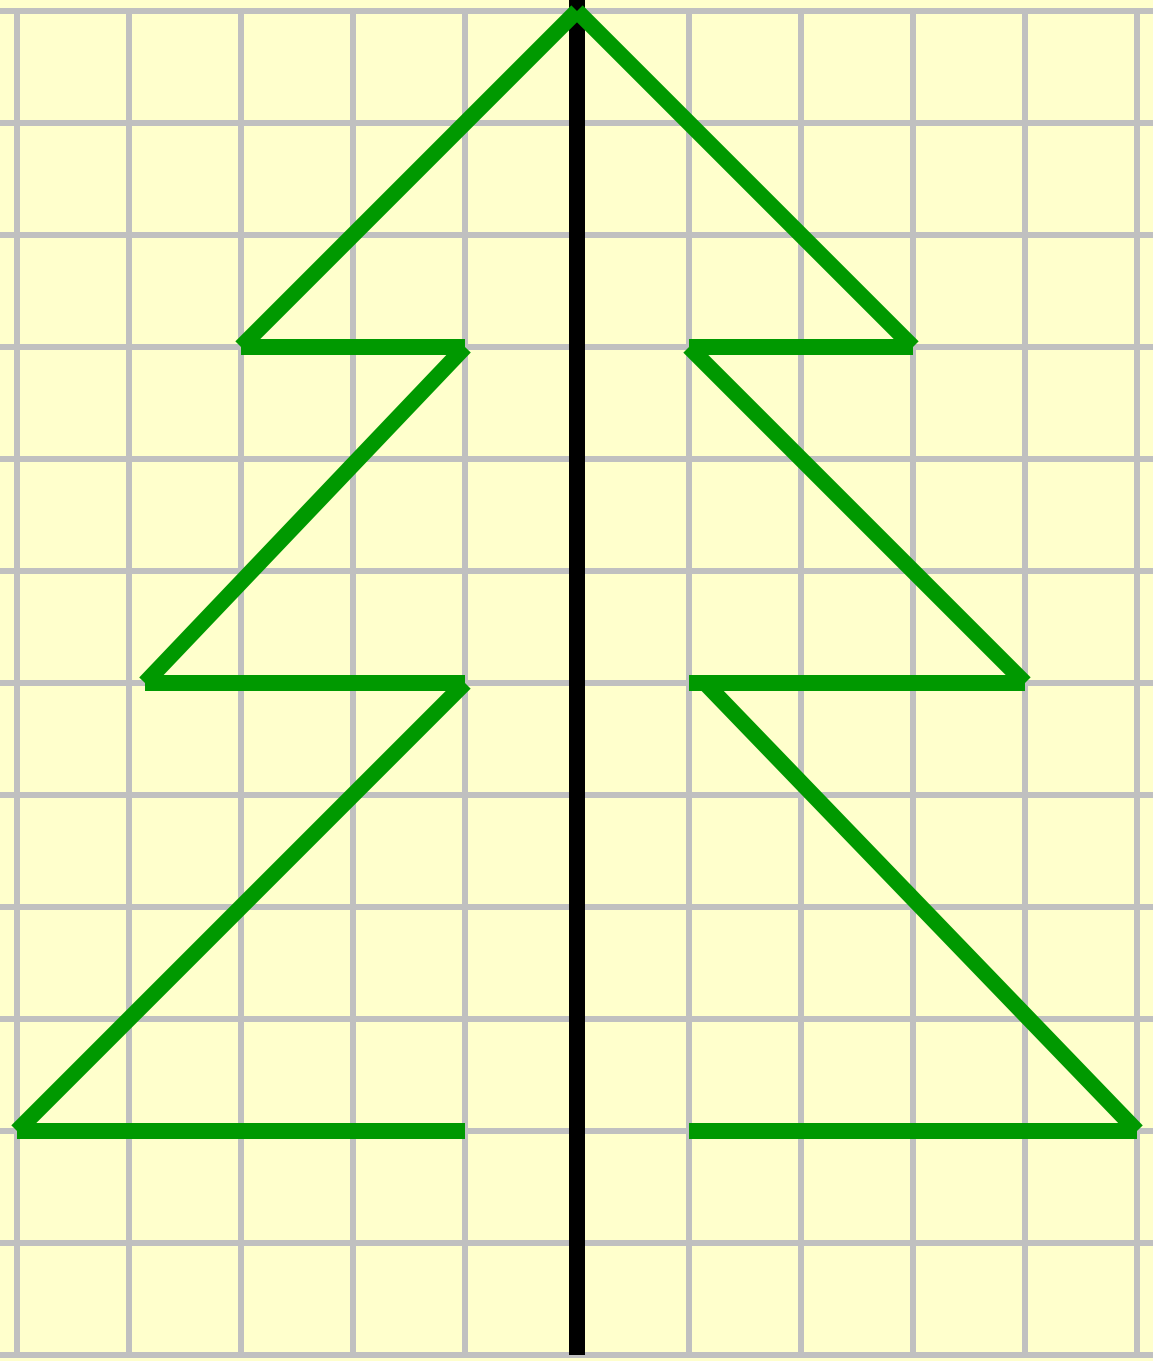

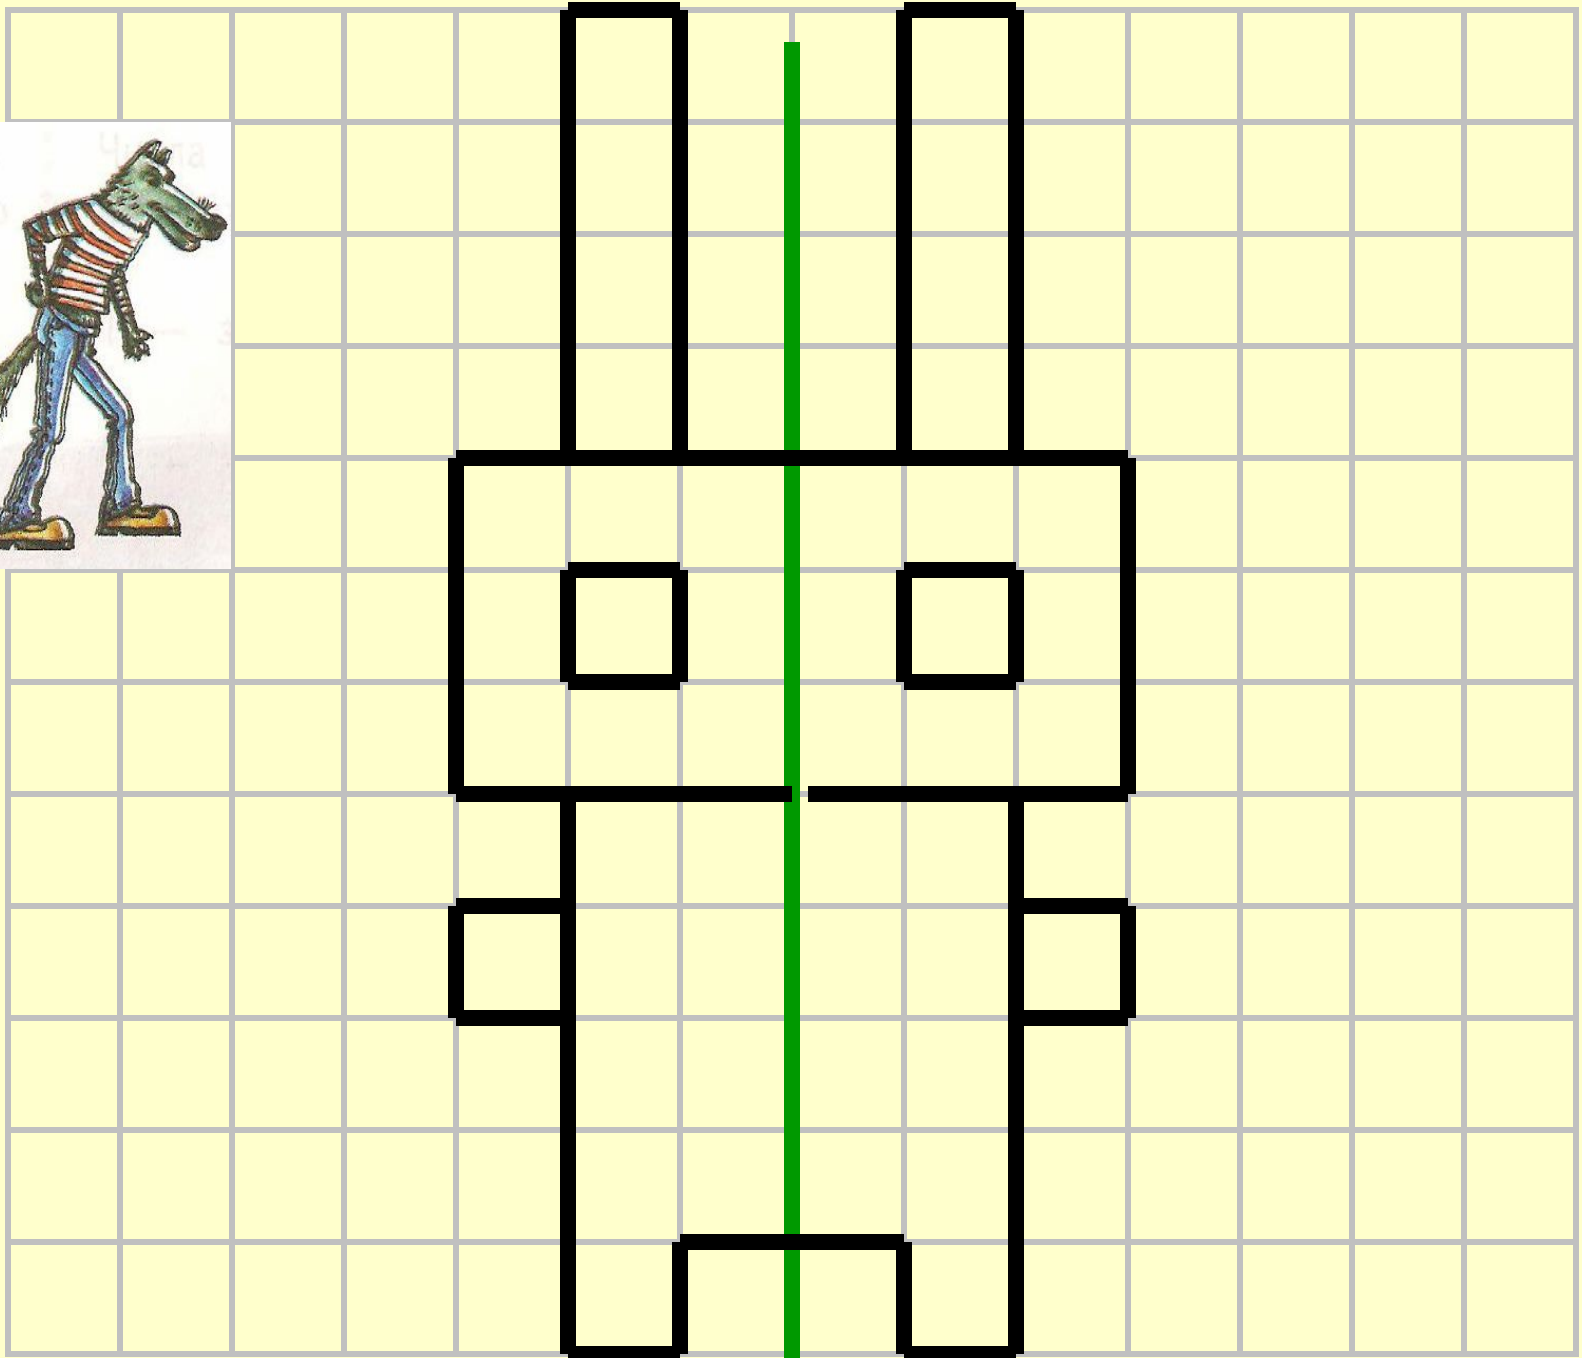

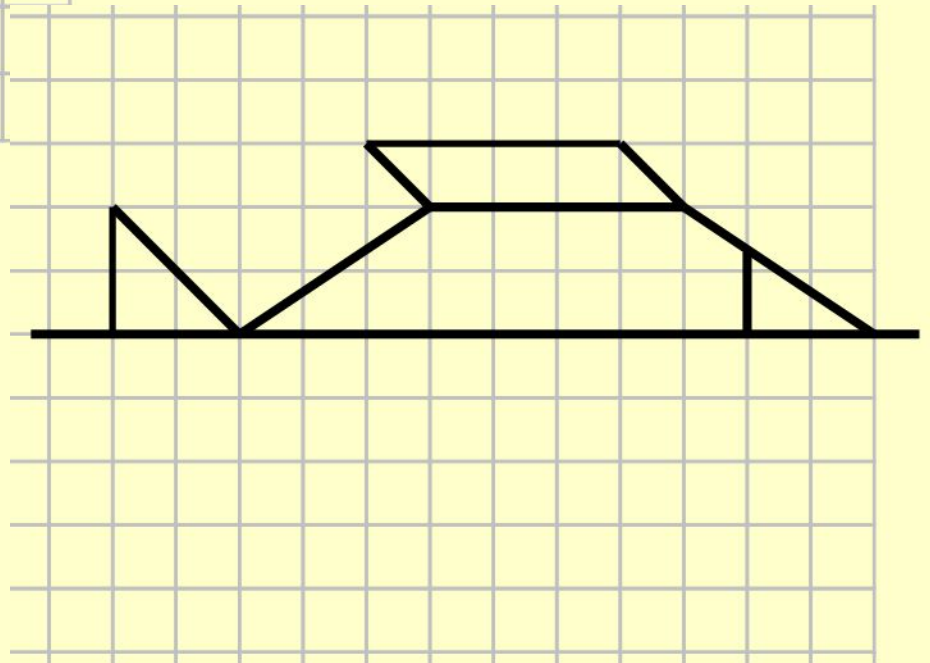

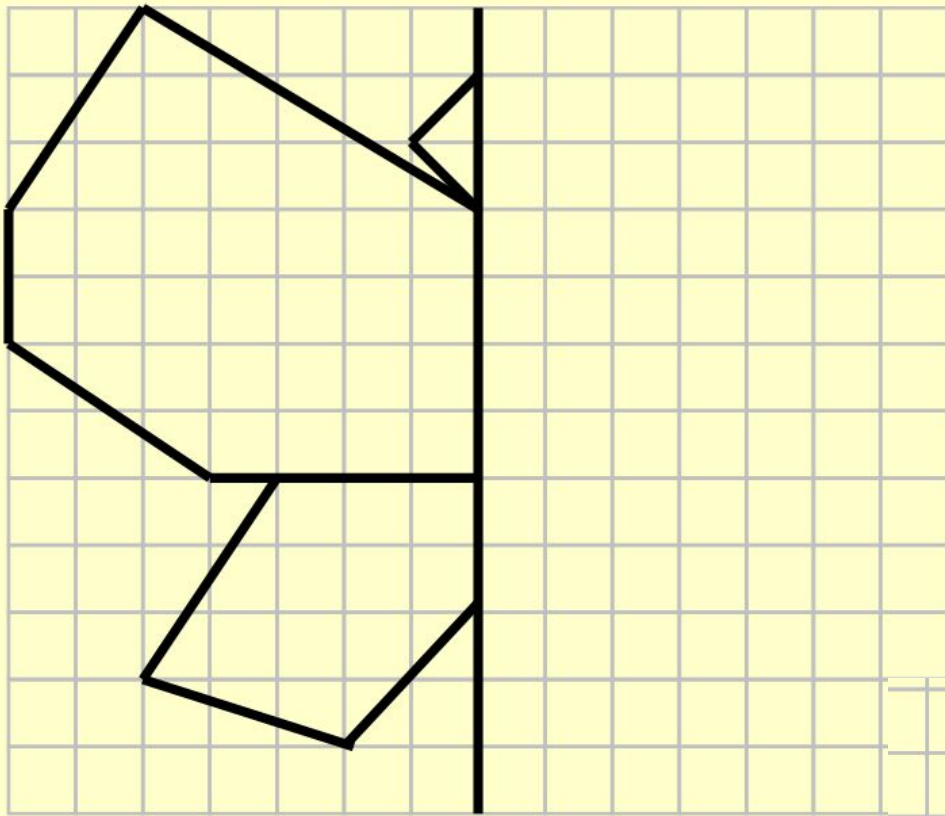

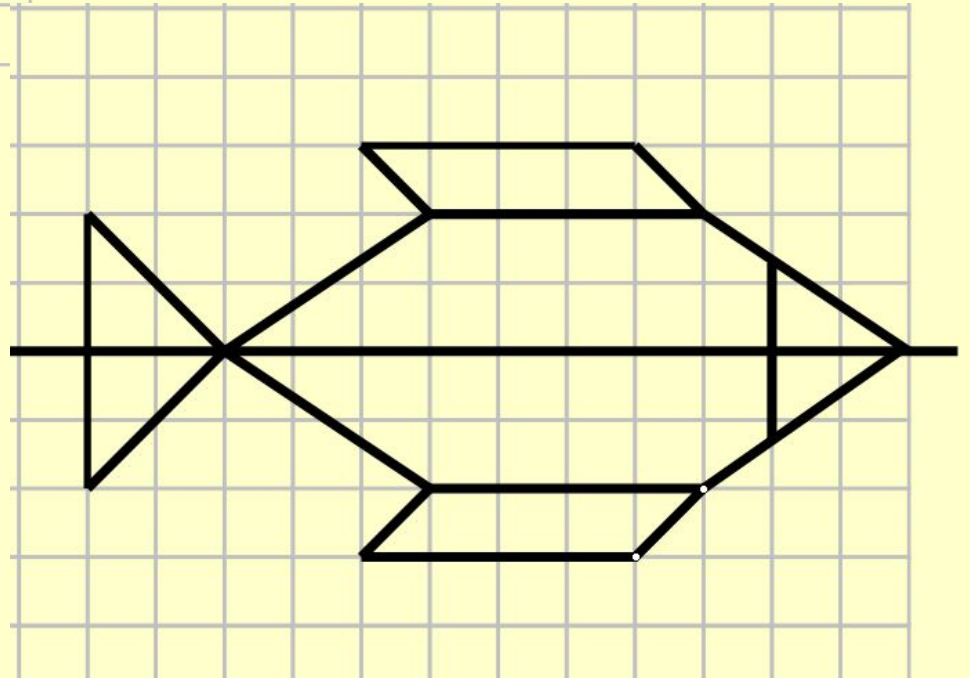

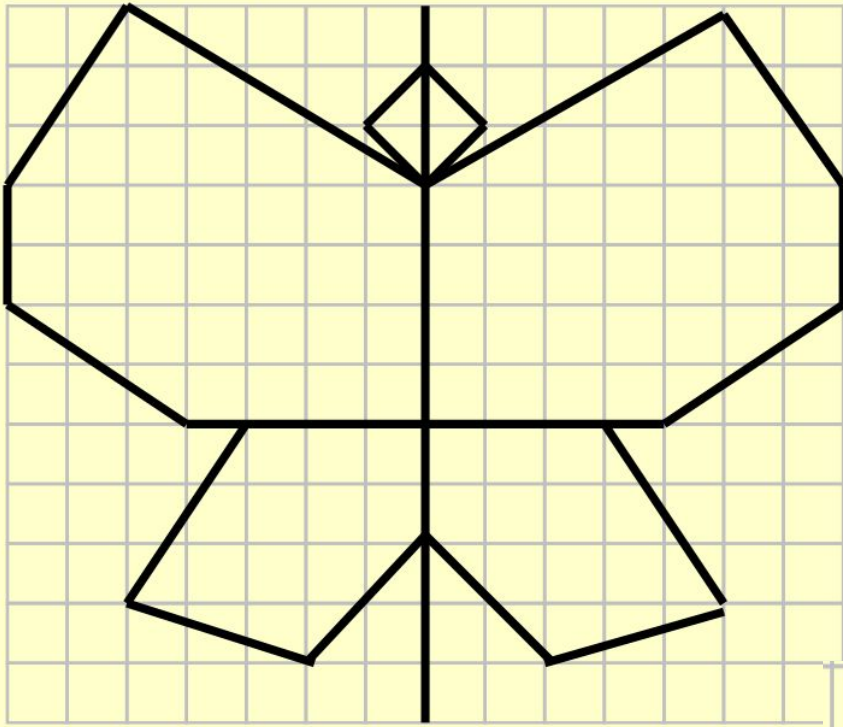

# Молодцы!
