About   Sign In

Responsive Design
Runs anywhere

Engaged App will run on your desktop, laptop, tablet and even mobile -
allowing you to recognize others as conveniently as possible.
It runs on the cloud, is social and will keep you updated.

Learn More

Work needs social. Social loves offices.

Bring your colleagues together with Gonamen, the go-to place for everything happening in your company. When you want to plan a lunch, see who's grabbing coffee, know who's attending bowling, sign up for office yoga, and more, Gonamen helps colleagues more easily gather.

Why Gonamen

Why Gonamen for your company?

About Engaged

P2P Employee Engagement

Text for each icon

Stay Informed

Know what activities are happening in your company. These activities could be HR sponsored or events your colleagues are planning.

Meet-up Easier

Join other activities or create your own for others to join. No more email and chat siloes required to organize events.

Drive Collaboration

Build more meaningful work relationships. Interact with a broader range of colleagues across various activities.

All-Inclusive & Private

Events are publicly posted for all employees. These events are published for your company's eyes only.

Easy setup

Engaged App is cloud hosted and is quick and easy to setup. No software to install, just configure and its ready to use.

On-the-go

Responsive design allows Engaged App to work on any modern browser on any Desktop, Laptop, Tablet - and mobile devices.

Social Team engagement

Social timeline shows all the recognitions taking place, peers can comment, like and continue to engage others.

Email notifications

Engaged App uses email notifications to update you on recognitions and team activity.
