My Hobby

Hobby is a favourite occupation of a person in his free time

As for me, my hobby is collecting stamps

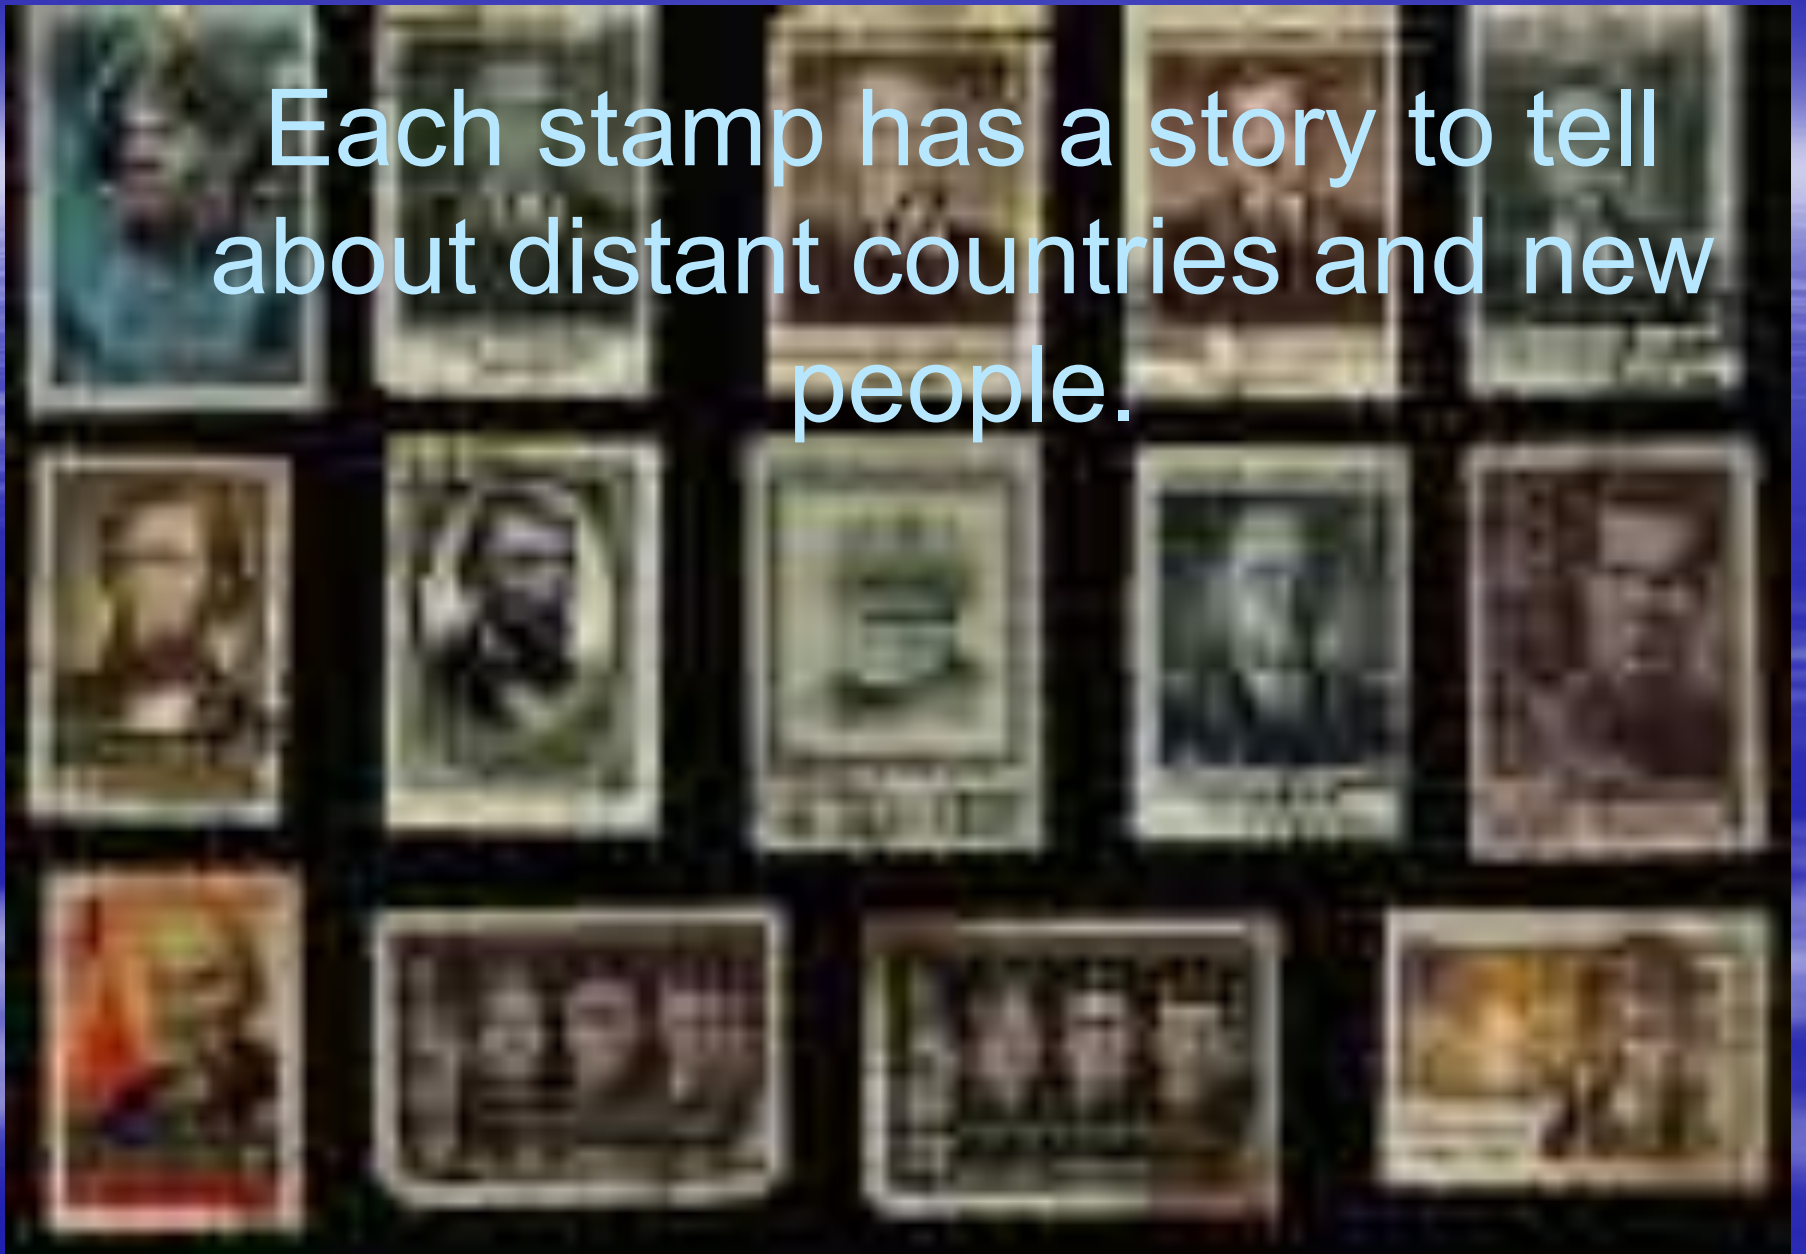

Now I have 5 albums full of stamps,
it is more than one thousand of them

A collection of various postage stamps and postcards scattered on a wooden surface. The stamps feature different designs, including landscapes, buildings, and abstract patterns. The colors range from earthy tones to bright blues and reds. The text is overlaid in a light blue, sans-serif font.

I like to sit at a table in the evening
and arrange new stamps in the
albums, or write in the names of the
countries, or just look through the
stamps.

Each stamp has a story to tell
about distant countries and new
people.

I see pictures of people, birds and animals which I have never seen

Kings and presidents pass before
my eyes and I can follow the history
of whole nations.

My hobby is not only wonderful but
very useful, too.
