

Ug Sibiri

Mission and strategy

The company “Ug Sibiri” was established in 2011 and for only a few years has made a revolutionary change in the scope of promotion and sales of finished products of oil-extraction plant (Altai Region and Omsk Region).

Social responsibility

- * The company implements its policy of social responsibility in the following areas:
- * Human Resources Management
- * Charity
- * Support the development of sport

Charity

“Ug Sibiri” LLC provides a financial support to the comprehensive schools of the regions on a regular basis, where there are enterprises of processing. The company annually participates in a charity marathon “Let's Support Child” , initiated by the Governor of Altai Krai Alexander Karlin.

Support the development of sport

Supporting of sport is carried out both through internal policy – payment of expenses of employees to attend sports and recreation complexes, and outside support the most promising athletes in the regions.

Thank you for attention!
