- Customize a generated VB.NET WinForms client
- Use AJAX in ASP.NET WebForms for AB Suite system
- Generate and configure an ASP.NET WebForms client for a mobile device

Topics

1. Introduction to Component Enabler for .NET
2. Component Enabler Application Generation
3. ASP.NET WebForms Generator
4. ASP.NET Web Services Generator
5. VB.NET WinForms Generator
6. AJAX Support for ASP.NET WebForms
7. ASP.NET Applications for Mobile Devices

Agenda – Day 1

| | |
|-------|--|
| Day 1 | Welcome |
| | Course Overview |
| | Break |
| | Introduction to Component Enabler for .NET |
| | Lunch |
| | Component Enabler Application Generation |
| | Break |
| | ASP.NET WebForms Generator |
| | Practical |

Agenda – Day 2

| | |
|-------|--|
| Day 2 | ASP.NET WebForms Generator (continued) |
| | Break |
| | Practical |
| | Lunch |
| | ASP.NET Web Services Generator |
| | Break |
| | Practical |

Agenda – Day 3

| | |
|-------|---------------------------------------|
| Day 3 | VB.NET WinForms Generator |
| | Break |
| | VB.NET WinForms Generator (continued) |
| | Lunch |
| | Practical |
| | Break |
| | Practical |

Agenda – Day 4

| | |
|-------|---|
| Day 4 | AJAX Support for ASP.NET WebForms |
| | Break |
| | ASP.NET Applications for Mobile Devices |
| | Lunch |
| | ASP.NET Applications for Mobile Devices (continued) |
| | Break |
| | Practical |
| | Course wrap up |
