

Successful businessman

Nick D Aloisio, 16 years old

- * Nick D Aloisio, 16 years old
It was invented an applicaNick D Aloisio, 19 years oldtion for smartphones, including a particularly tabunan teenager seriously interested investors. The content of the materials according to the requirements of readers of the present, Nick is a very short text of any page on the Internet (at the request of the user 140 to 1000 characters) invented the algorithm that generates. Based on this algorithm, and 15-year-old Nick jOS-application to record, and after 2 years, the Corporation Yahoo has called it Summly for \$30 million sold. This application of the website news daily signature investors to consider seriously hurt, but believes that world events would not be effective without a trace Tunisian for users.

- * The value of Nick D Aloisio and Marissa Mayer (Yahoo), as a person, completely changing the process of content distribution in the Internet, perhaps in the coming years. By the way, Habarana press, these words the algorithm is very long Nick came up with a set of complex texts as short as possible spin. The value of this application is not in the Corporation, where the young talents of the programmer and applied technological solutions may not be interested in his request. Currently Yahoo Nick is the youngest inventor works
