**FERRONI company welcome  
guests and participants of the  
10th OSHDP National Convention  
Davao, Philippines**

**Our company has been manufacturing entrance doors for 15 years. Today, we produce:**

- 8000 doors a day!**
- 400 door structures for 42 countries of the world.**

**For each country, we create a suitable door structure and exclusively make it only for this country.**

**To increase the number of selling doors and satisfy the needs of the most demanding customers from different countries, we work every day to optimize:**

**logistics**

**Component supplies**

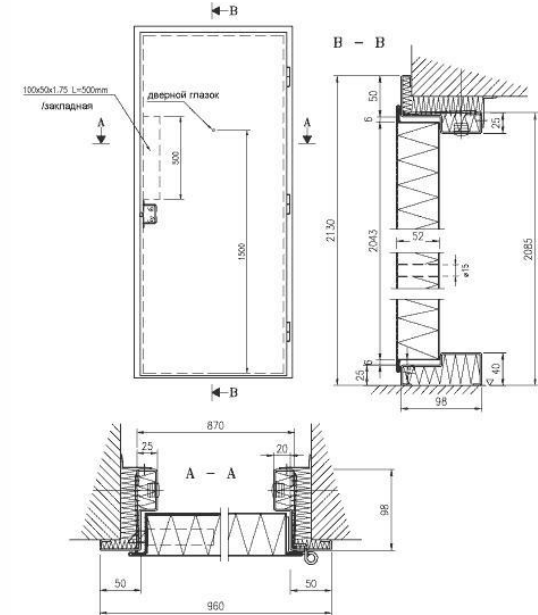

**Production automation**

**More than \$ 10 million is  
invested annually in  
automation and  
production development.**

**As well as the development  
of new door designs for  
different countries.**

**For the Philippines, we have developed 2 types of doors:**

- 1. At the lowest price 3700 ₱ especially for affordable social housing, as we understand the importance of the Philippine government's actions for the low income class citizens.**
