I like different kinds of music, but I can say that my favourite singer is **Oleg Skrypka** from the group **"VV"**. consider him to be a decent representative of modern Ukrainian culture. I enjoy the highly energetic music of **"VV"**, and especially I like performances of **Oleg Skrypka**. He is an outstanding performer. At the beginning of their creative development the group worked in France.

# Text

They have got a lot of songs in French. More than that, they have some songs in English. One of them is "The Pack of Cigarettes" from their new album "Fayno". They have a lot of fans abroad, as well as in Ukraine. Usually their performances in clubs are attended by 10-20 % of **foreign people**.

# Text

**Oleg Skrypka** confessed that he thinks that many songs sound better in **Ukrainian** and only a few of them sound good in **Russian**. Also he said that the **English** language is closely connected with music. So, people interested in music are also interested in the **English** language, because it is very useful to know what the song is about. His attitude to the results of his work and the work of other people is very critical. That's why the group works on each album and clip for a very long time.
