# Crossing in real life:

We have been using the amazing services of Crossing for the last few trips we have made. I must say the attention to detail and going the extra mile has been a hallmark of their service. They understand our preferences and tailor suggestions to meet those whilst ensuring that we get the best deal possible from the hotels. Our trip to Miami and our stay at the Miami Edition was one such experience!

## Crossing in real life:

I would like to thank Crossing Travel for organizing us a fantastic trip to Vietnam. The hotels they provided were excellent. We enjoyed every minute of it. The timing for visiting every town was done very well. I hope to plan more holidays with Crossing Travel in the future.
