

Protect the Earth from pollution

Presented by

Marina Nahorna

POLLUTION

This is our planet in litter and mud.

These are the effects of human work.

HOW TO SAVE THE ENVIRONMENT

Recycle litter

So what should we do?

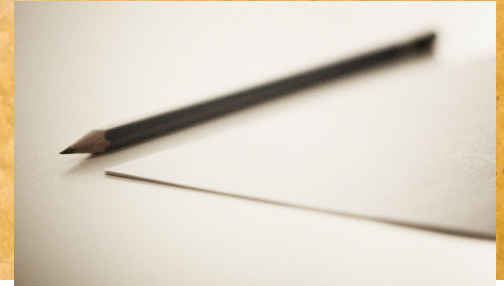

Walk or cycle every day

Turn the light off when you leave a room.

Use both sides of a piece of paper

Plant some new plants

HOW YOU CAN HELP AT SCHOOL?

You can make a group of people

Every group should make something for environment all the week. As a motivation the best group have been having a prize.

**Thank You
for
attention!**
