- Ответ на вопрос о сходстве фотографии

- Ответ на вопрос о различиях

Both photos show us people who are having their birthday parties in cafes. In the foreground of each picture we can see a beautiful big birthday cake with burning candles. People are wearing special birthday hats and the walls are decorated with special birthday ornaments.

The biggest difference between the photos is that in the first picture we can see a group of happy children, whereas in the other one is only an old man. The children are having a lot of fun, being entertained by clowns, while the old man is sitting lonely at the table. In the first picture the girl is blowing the candles on her birthday cake while an old man is looking miserably at his one. In the first photo there are some small candles on the cake, whereas in the second photo the cake is burning with a flame.

- I've got plenty of friends and we also congratulate and wish "Happy Birthday" to each other. Of course, we gather together, I'm given lots of gifts and we have fun. Besides, on this day I feel myself happy, that's why I want to share my emotions with my friends.
