Text

Sport is very important in our life. **The general belief** is that a person who goes in for sports can't be weak and ill. Physically **inactive** people get old earlier than those, who find time for sport activity. And of course **good health** is better than good medicine.

People all over the world are fond of sports and games.

In our country sport is being widely popularized as well. The most popular kinds of sport are football, volleyball, basketball, tennis, figure-skating, aerobics, ping-pong and swimming. A lot of people are fond of jogging. In schools and colleges sport is a compulsory subject. Many young people attend sport sections. Some of them dream to become professional sportsmen.
