play musical instruments.

A vibrant graphic featuring a rainbow as a background. Overlaid on the rainbow are various musical notes, including treble and bass clefs, and several eighth and sixteenth notes. The notes are black, and the rainbow consists of multiple parallel bands of color in the traditional spectrum.

Explain your life

The background of the lower half of the slide is a photograph of a large crowd of people at a concert or festival. The scene is backlit by a bright, warm light, likely from stage lights or the setting sun, creating a silhouette effect on the audience. Many people have their arms raised in the air, some with hands open and others in 'rock on' or 'L' hand gestures, conveying a sense of excitement and participation.

There is music everywhere: at home, in a concert hall, in the park, at the seaside, in the forest and even in the street. Music is not only a combination of pleasant sounds. It is an art which reflects life.

Expressing our life

Music reflects people's ideas and emotions.

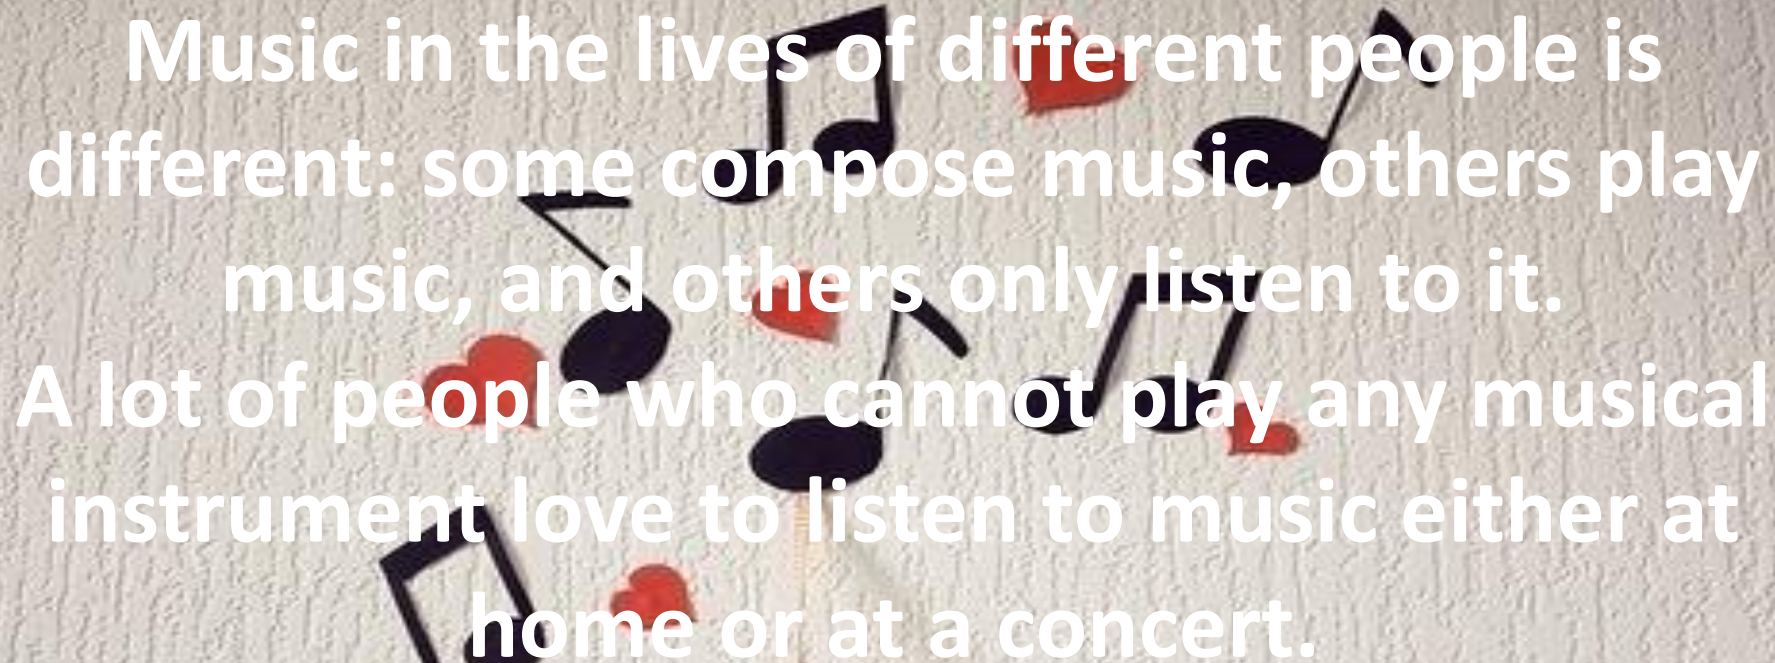

In this world, filled with conflicts, tragedies, joys and hopes, music strives to speak to people about what is most important, urgent and poignant.

Explain your life

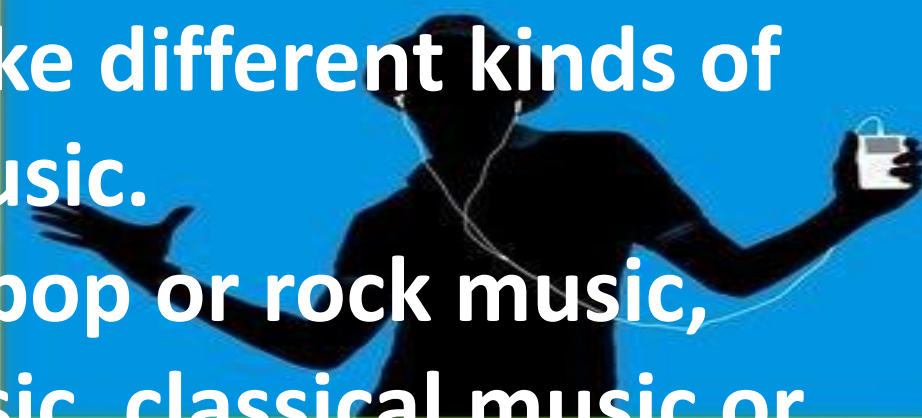

Music in the lives of different people is different: some compose music, others play music, and others only listen to it. A lot of people who cannot play any musical instrument love to listen to music either at home or at a concert.

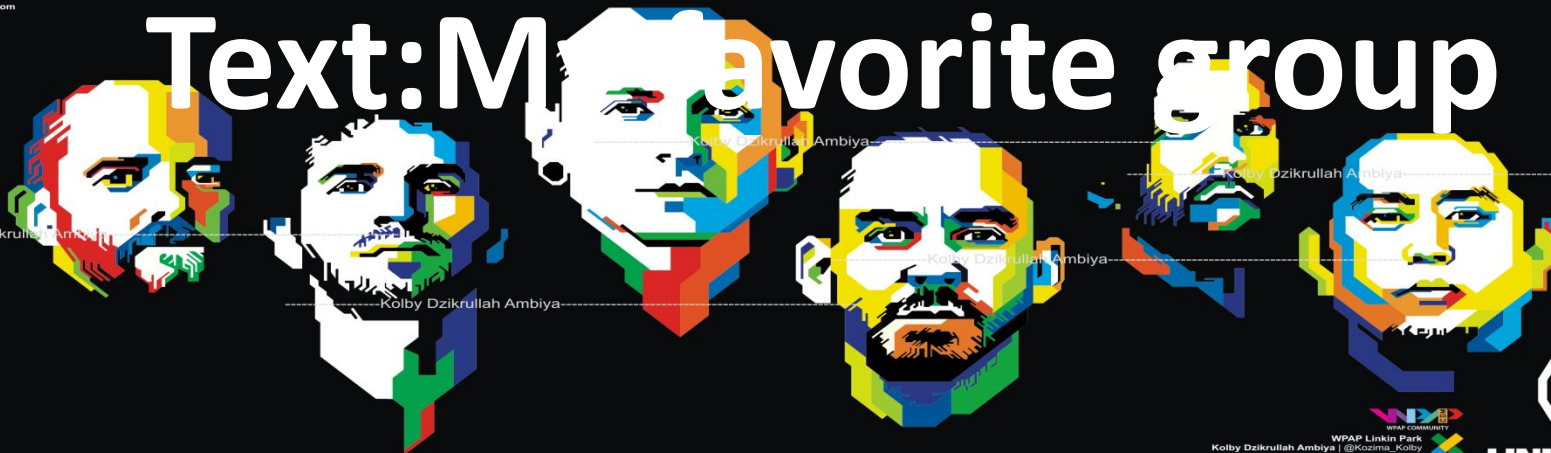

Explain how music is in our life

Different people like different kinds of music.

You may prefer pop or rock music, country or folk music, classical music or jazz.

LINKIN PARK

I like this group because of
good texts and unusual musical
decisions.

This group was formed in 1996.
They released 9 albums.

LINKIN PARK

Text: My favorite group

I like all their songs without distinction.

My favorite song is "In The End".

There are six men in this group: Chester Bennington, Mike Shinoda, Rob Burdon, David Farrell, Brad Delson and Joe Hahn.
