THE FAULT IN OUR STARS

THIS BOOK IS VERY INTERESTING FOR ME,
I WANT TO READ IT AGAIN AND AGAIN

The authors of this remarkable book is John Green.

Quote from the novel

- I'm in love with you, - he said quietly. - August, - I said. But it's true - he said. He stared at me and I saw the puckered the corners of his eyes. - I'm in love with you, and do not want to deprive yourself of the simple pleasure to tell the truth. I'm in love with you, and I know that love - it's just a cry in emptiness, and that forgetting is inevitable, and that we are all doomed, and that the day will come when all our efforts will turn to dust, and I know that the sun will absorb only land that we have, and I'm in love with you.

In the plot of the book, the author tells about a girl Hazel Grace who is sick with cancer, and her acquaintance with Agastusom Uotorsom

this book is very sad end

A FEW QUOTES FROM THE BOOK

Unfortunately, the world - not a factory for the fulfillment of desires.

The day will come when we will all be dead. Now people are alive, then they will not. Maybe it will come tomorrow, maybe after a million years. And when he comes, no one will remember either Cleopatra or Muhammad Ali or Mozart, and even more so one of us. Oblivion is inevitable

If you love the rainbow, you have to love and rain
