

CORONAVIRUS DISEASE

Here is where your
presentation begins

CONTENTS OF THIS TEMPLATE

Here's what you'll find in this Slidesgo template:

1. A slide structure based on a disease, which you can easily adapt to your needs. For more info on how to edit the template, please visit [Slidesgo School](#) or read our [FAQs](#).
2. An assortment of illustrations that are suitable for use in the presentation can be found in the alternative resources slide.
3. A thanks slide, which you must keep so that proper credits for our design are given.
4. A resources slide, where you'll find links to all the elements used in the template.
5. Instructions for use.
6. Final slides with:
 7. The fonts and colors used in the template.
 8. More infographic resources, whose size and color can be edited.
 9. Sets of customizable icons of the following themes: general, business, avatar, creative process, education, help & support, medical, nature, performing arts, SEO & marketing, and teamwork.

You can delete this slide when you're done editing the presentation.

INTRODUCTION

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's only a bit larger than the Moon

ABOUT THE DISEASE

Mercury

Mercury is the closest planet to the Sun

Mars

Despite being red, Mars is actually a cold place

Jupiter

It's the biggest planet in the Solar System

Saturn

Saturn is composed of hydrogen and helium

PATHOLOGY

Mercury is the closest planet to the Sun, but does its name have anything to do with the liquid metal?

1. Despite being red, Mars is a cold place. The planet is full of iron oxide dust
2. Jupiter is the biggest planet in the Solar System and the fourth-brightest object in the sky
3. Saturn is the ringed one. It's a gas giant, composed mostly of hydrogen and helium

SYMPTOMS OF THE DISEASE

Saturn

Saturn is composed of hydrogen and helium

Venus

Venus is the second planet from the Sun

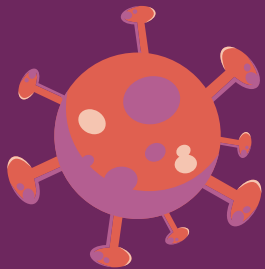

Mars

Despite being red, Mars is a cold place

Use our editable graphic resources...

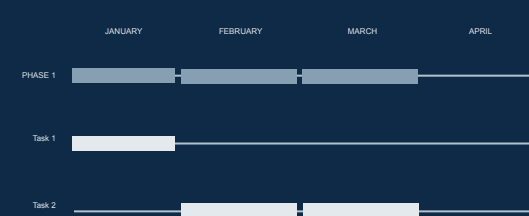

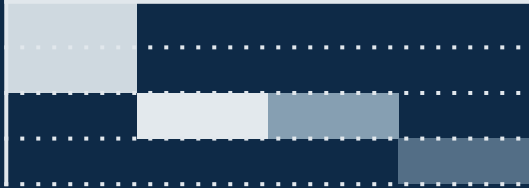

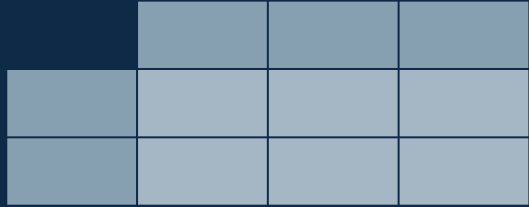

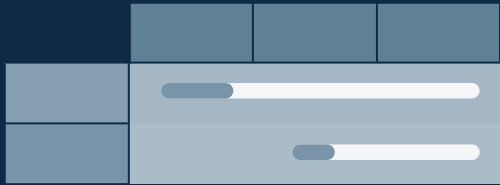

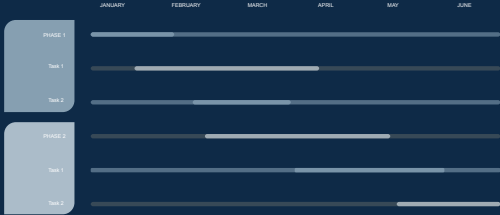

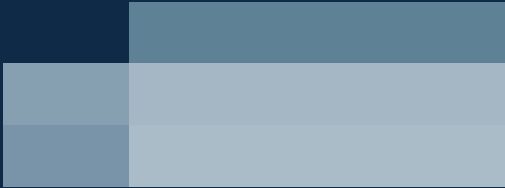

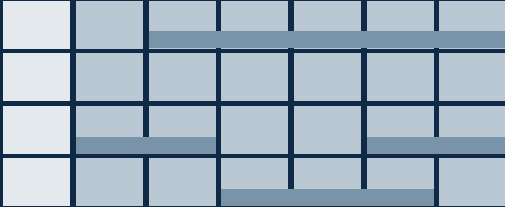

You can easily **resize** these resources without losing quality. To **change the color**, just ungroup the resource and click on the object you want to change. Then, click on the paint bucket and select the color you want.

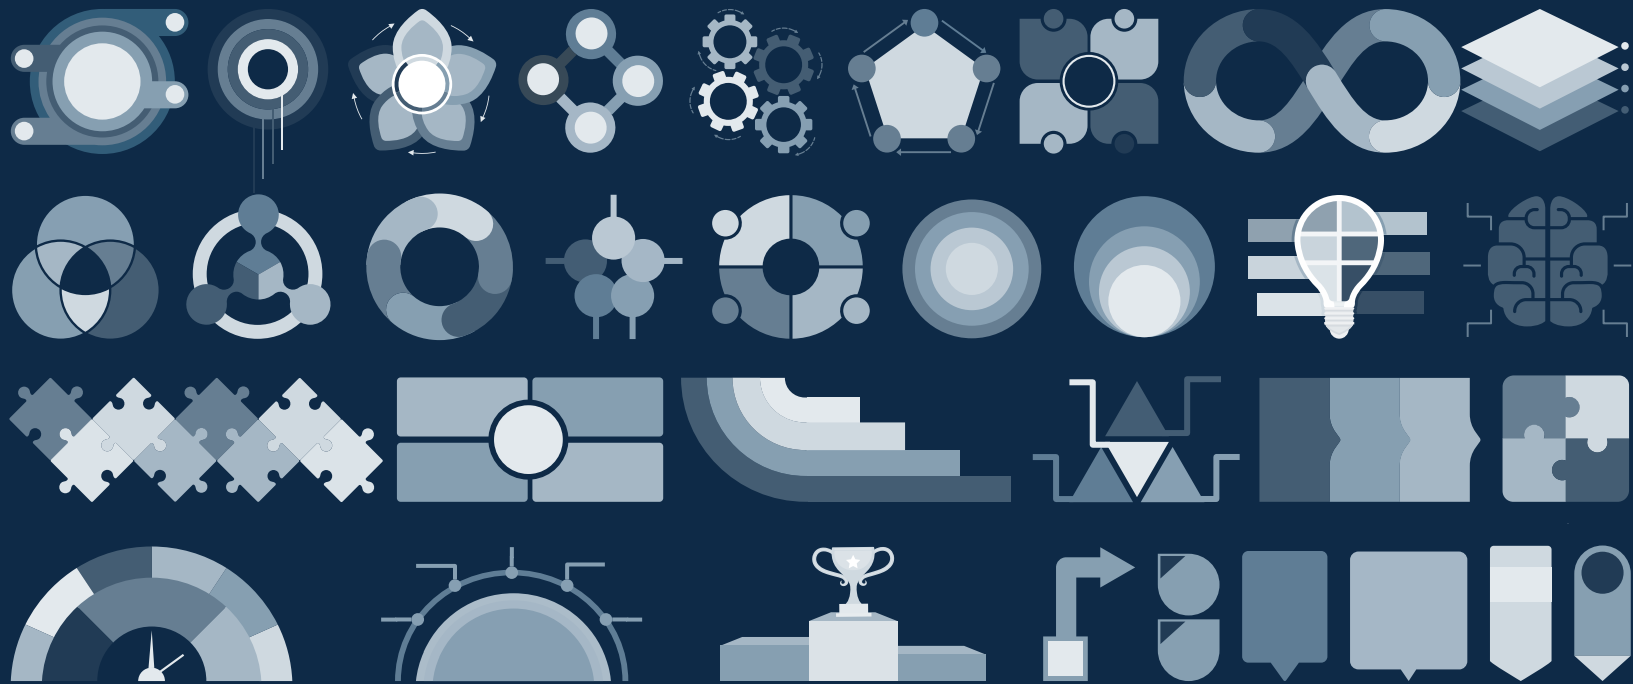

Group the resource again when you're done.

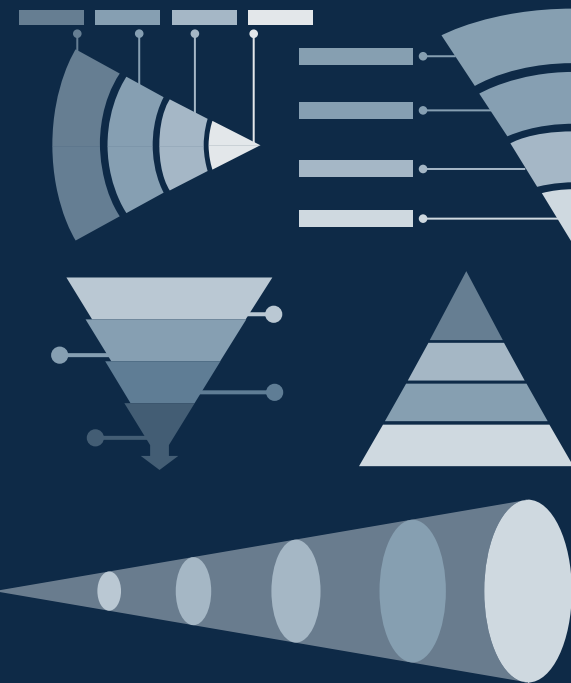

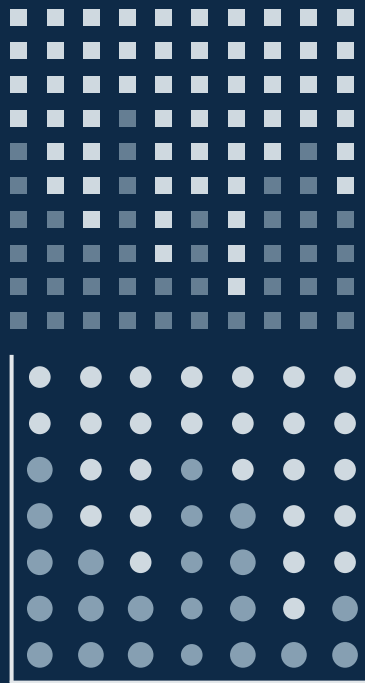

...and our sets of editable icons

You can **resize** these icons without losing quality.

You can **change the stroke and fill color**; just select the icon and click on the **paint bucket/pen**.

In Google Slides, you can also use [Flaticon's extension](#), allowing you to customize and add even more icons.

A large grid of 100 blue icons representing various business and management concepts. The icons are arranged in a 10x10 grid and include symbols for communication (speech bubbles, mail), organization (gears, folders, charts), teamwork (handshakes, group of people), technology (laptop, cloud, smartphone), and general business (clock, compass, puzzle pieces).
