

TASMANIA

Brainina Diana
Tokareva Katya

Tasmania is an island in the south of Australia. It is not big. It is the same size as England. It also differs from the other Australian states.

There are no deserts in Tasmania. It often rains, both in winter and summer. Only half a million people live in Tasmania, and a large part of the island is still covered with wild, beautiful wild forests.

These forests are full of wonderful flowers and interesting animals

Koalas

fern
